AGREEMENT.

Memorandum of Agreement made this 7th day of April 1927, between the Chandpur Central Co-operative Bank, Limited, a Company registered under the Co-operative Societies Act, II of 1912, and having its registered office at Chandpur in the district of Tippera (hereinafter called the Company) of the one part and the Secretary of State for India in Council (hereinafter called the Secretary of State) of the other part.

Whereas for the purpose of the construction of office buildings and appurtenances thereto the Company has applied to the Government of Bengal for the acquisition under the provisions of the Land Acquisition Act, 1894, of the piece or parcel of land containing 0·193 of an acre or thereabout situate in the village of Bisnudi in the district of Tippera and more particularly described in the schedule hereto and delineated in the plan* hereunto annexed.

And whereas the said Government of Bengal, being satisfied by an enquiry held under section 5A and clauses (*a*) and (*b*) of section 40 of the said Act that the proposed acquisition is needed for the aforesaid purpose and that the said work is likely to prove useful to the public, has consented to acquire on behalf of the Company the piece or parcel of land hereinbefore described.

3. On payment by the Company of all demands under the foregoing first clause, or, in the discretion of the said Government of Bengal (on deposit by the Company of all estimated amounts as provided in the second clause), but not before possession shall have been taken under the provisions of the abovementioned Act, the Secretary of State shall make over possession of the said land to the Company and shall execute and do all such acts and deeds as may be necessary and proper for effectually vesting the same in the Company.

No. F.-13-(III)-F.-27.—In their notification No. F.-6-F., dated the 15th March 1926, the Government of India promulgated certain revised rates for the issue of Post Office Cash Certificates, which reduced the yield thereon to the rates in force prior to the 2nd April 1923. This change followed the reduction in the rate of interest at which the Government were able to borrow in the open market during the years 1924 and 1925. The further reduction in the borrowing rate during 1926 makes the existing terms of Cash Certificates more favourable than the interest of the tax-payer would justify. The Government of India have therefore examined the matter carefully and come to the conclusion that the rates may be further reduced without endangering the popularity of this form of investment. They are accordingly pleased to direct that the amounts repayable on the Certificates of the different denominations issued on or after the 1st July 1927 should be as shown in the following table :—

A probationer assigned to Madras who is familiar with one only of the vernaculars named will offer the other.

Bihar and Orissa	...	Hindi	...	Bengali.
Central Provinces	...	Hindi	...	Marathi.
Assam	...	Bengali	...	.....

(2) A candidate who is not required by sub-section (1) to offer a vernacular named in column 2 will offer the vernacular named in column 3 against his province if any such vernacular is named, unless he is already familiar with the vernacular there named or with a closely allied one.

(3) A candidate who is not required under the preceding sub-sections to offer a vernacular will offer History instead. A one-year probationer will offer British History; a two-year probationer will offer British History for the Intermediate Examination and European History for the Final Examination.

Any question as to the interpretation and application of this regulation will be decided by the Civil Service Commissioners.

(8) The ordinary session of the Final Examination for the testing of riding will take place in advance of the rest of the Final Examination, and a special session will when necessary be held at a later date for the benefit of any candidate who may have failed at the ordinary session.

Candidates who at the ordinary session satisfy the Commissioners that they are sufficiently at home in the saddle for the efficient performance of all duties required of members of the Indian Civil Service will be awarded marks ranging between 101 and 200 according to the degree of proficiency displayed.

Candidates who at the ordinary session fall short of this adequate proficiency but show such minimum proficiency as is evidence that with a moderate amount of practice they can attain full proficiency will receive marks ranging between 1 and 100; they will be allowed to proceed to India and will on their arrival there be subjected to such further tests in riding as may be prescribed by their Local Government.*

Any candidate who at the ordinary session fails to show a minimum proficiency will be examined again at a special session. If he then attains adequate proficiency he will not be subjected to further tests in India. If he attains minimum proficiency he will be allowed to proceed to India under the same condition as if he had attained minimum proficiency at the ordinary session. No credit in marks will be given for any performance at a special session.

Probationers may also be examined in riding at such time or times as the Commissioners may appoint during the course of the probationary period.

(9) Such deductions as the Civil Service Commissioners may consider necessary will be made from the marks assigned to candidates at the Intermediate and Final Examinations in order to secure that no credit is allowed for merely superficial knowledge.

(10) The Civil Service Commissioners will prepare lists of the candidates in order of merit; the order for the one-year probationers being based on the sum of the marks obtained by the candidates at the Open Competitive and Final Examinations, the order for the two-year probationers being based on the sum of the marks obtained by the candidates at the Intermediate and Final Examinations.

(11) The selected candidates whose performance in the compulsory subjects of the Final Examination is such as to satisfy the Civil Service Commissioners and who have also satisfied the Commissioners of their eligibility in respect of nationality, age, health, character and conduct during the period of probation, shall be certified by the Commissioners to be entitled to be appointed to the Indian Civil Service, provided that they shall comply with the regulations in force, at the time, for that Service.†

(12) If any candidate is prevented by sickness or any other adequate cause from attending the Final Examination the Commissioners may, with the concurrence of the Secretary of State for India in Council, allow him to appear at the Final Examination to be held in the following year, or at a special examination. A selected candidate absent for such adequate cause from the Intermediate Examination may, under similar conditions, be allowed to appear at the Intermediate Examination a year later or at a special examination, or may be excused the Intermediate Examination and allowed to appear for the Final Examination in regular course.

* Such candidates will receive no increase to their initial pay until they have passed the further tests in question to the satisfaction of their Local Government.

† The compulsory subjects include riding, and a candidate who fails at the end of the period of probation to satisfy the Civil Service Commissioners that he has reached the minimum standard of proficiency in riding will be liable to have his name removed from the list of selected candidates.

Any candidate who at the Intermediate Examination shall appear to have wilfully neglected his studies, or to be physically incapacitated for pursuing the prescribed course of training will be liable to have his name removed from the list of selected candidates.

ANNOUNCEMENTS

made by the Governor General in Council with the authority of the Secretary of State for India in Council.

(i) *Selected Candidates will be allotted to the various provinces upon a consideration of all the circumstances, including their own wishes; but the requirements of the Public Service will rank before every other consideration.*

(ii) *An allowance of £300 a year, or, in the case of Selected Candidates possessing an Indian domicile, an allowance of £350 a year will be given to any candidate who passes his probation at one of the Universities or other Institutions that have been approved for the purpose by the Secretary of State for India in Council.*

In the case of Selected Candidates on probation for one year the allowance will be payable in four equal instalments on the following dates respectively: December 24th after his selection, March 25th, June 25th, and after signature of covenant on appointment to the Service.

In the case of Selected Candidates on probation for two years the allowance will be payable in eight equal instalments, the first on the December 24th after selection, the second to the seventh on the six following quarter days and the eighth after signature of covenant on appointment to the Service.

The payment of the various instalments of the allowance except the final instalment, and in the case of the two-year probationers, the instalment payable at the end of the first year of probation, will be conditional on the receipt by the Secretary of State through the Civil Service Commissioners of a certificate that the candidate has fulfilled up to date the requirements of the authorities and shown satisfactory conduct at the approved institution.

If an Indian Government Scholar becomes a Selected Candidate for the Indian Civil Service his scholarship stipend shall cease to be paid with effect from the 1st October of the year in which he becomes a Selected Candidate. He may, however, provided he has executed the agreement referred to in (iv) *below, be granted on, or at any time after, the 1st October, an advance on account of the instalment of the allowance payable on the 24th December.*

The whole probation must ordinarily be passed at the same Institution. Migration will not be permitted except for special reasons approved by the Secretary of State.

N.B.—The Secretary of State for India gives notice that the amount of the allowance will be reconsidered in 1928, with a view to a possible reduction with effect from the instalment payable in December 1928.

(iii) *A First Class passage to India will be engaged for Selected Candidates with a view to their proceeding to India during the November following their Final Examination.*

(iv) *Each candidate will be required before receiving the first instalment of his allowance to execute an agreement binding himself and one surety jointly and severally to refund all moneys he may have received from the Secretary of State for India in the event of:—*

(1) *his failure to pass the Final Examination within the time prescribed by the regulations, and to satisfy the Civil Service Commissioners of his fitness for admission to the Indian Civil Service, or*

(2) *his subsequent failure to execute the usual covenant, and to proceed to India, as and when he shall be directed by the Secretary of State for India.*

(v) *All candidates obtaining certificates will be also required to enter into covenants by which, amongst other things, they will bind themselves to make such payments as under the rules and regulations for the time being in force they may be required to make for the pensions of their families. The stamps payable on these covenants amount to £ 1.*

(vi) *Candidates appointed to the Indian Civil Service after undergoing one year's probation will be senior to those appointed in the same year after undergoing two years' probation. The seniority of candidates of each class inter se will be determined by the order in which their names appear on the lists referred to in clause (11) of the regulations.*

(vii) *Candidates who fail to satisfy the Civil Service Commissioners at the Final Examination held in any year will be definitely rejected and will not be allowed to present themselves for re-examination, unless it shall appear to the Secretary of State in Council, after reference to the Civil Service Commissioners, that such failure is due to circumstances wholly exceptional and beyond the control of the candidate.*

(viii) *"Overseas pay" will not be admissible to Indian members of the Indian Civil Service selected at Open Competitive Examinations held in London in 1925 and subsequent years.*

Annual Report of the Royal Botanic Gardens and the Gardens in Calcutta and of the Lloyd Botanic Gardens, Darjeeling, for 1926-27.

ROYAL BOTANIC GARDENS.

1. **General.**—Although no record of the number of visitors to the Gardens is kept, the crowded appearance of the lawns especially on Saturday and Sunday afternoons throughout the cold weather, bore evidence that the gardens had at least maintained their popularity. It was hoped that arrangements could be made for the supply of refreshments or at least of drinking water for visitors but it has as yet not been possible to do this.

Climatic conditions were varied, The early part of the official year was extremely dry and a good many plants died. Then in May, there came a cyclone which only lasted for five minutes, but succeeded in laying low some five hundred trees. On the morning following, trees were found scattered everywhere and, as the roads were quite impassable, the gardens had to be closed against wheeled traffic for a short time. Most of the Mahoganies (*Swietenia macrophylla*) along the Kyd and Scott Avenues, were destroyed. Some very large trees were overturned including a Rain Tree (*Enterolobium Samam*) which was indeed

too big for the purchaser to remove and took the garden staff a fortnight to saw and clear away. Later there came heavy downpours which periodically converted the garden into a large lake, interspersed with a few islands. This had both good and evil effects. It improved the sanitation of the Garden but killed a number of plants including a large group of *Nipa fruticans*. At the same time, it had the effect of disseminating seeds of weeds, specially those of *Mikania scandens* which has now lost its attraction as a garden plant and become a most obnoxious weed. The clearing of the *débris*, the result of these storms, engaged the attention of the labour force for a good many months.

At the same time, however, while the clearing was systematically undertaken section by section, the opportunity was used for the pruning and cutting down of overgrown shrubs and bushes with a marked improvement in the appearance of the Gardens. Many cartloads of rubbish were removed and in addition 271 old stumps, some of enormous size which had become the breeding places of white ants, were uprooted and taken to a secluded part of the Garden.

The Economic Garden which had become a jungle of Savanah grass was reclaimed. Already a number of important economic plants have been sown and planted and it is hoped to have this part of the garden fully stocked with important economic species by the end of next rains.

As the plants in the Garden are distributed geographically over some 273 acres, it has become a difficult task for the ordinary student of Botany to find representatives of the various families. To supply the needs of students, a Students' Garden has been laid out in which representatives of the different families are being arranged according to the " Flora of British India."

The flower garden was extended and the show of winter annuals was exceptionally good. Large groups of annuals in pots were ranged by the sides of the Oredoxya Avenue making a brilliant display which was admired by many.

The task of naming and labelling many of the plants in the Gardens for which the labels have either been lost or stolen is being undertaken and, when species are indigenous, the Bengali as well as the scientific names are being shown on the label, a procedure which, it is hoped, will make the labels of more general interest and so less liable to destruction.

The Palm Houses and the Orchid House showed signs of falling to pieces and were repaired with much difficulty where plants were growing over the wires. After repair the plants in the Orchid House and Small Palm House were taken up, re-arranged and replanted.

The Plant and Propagating Houses in the nurseries, which were in a dilapidated condition, were also thoroughly repaired. The stock of seedlings in the nurseries was overhauled and the watering arrangements, which left much to be desired, were improved by the construction of ten cisterns with connecting pipes fed by a rotary hand pump which was already in stock.

The very creditable appearance of the gardens throughout the cold weather is largely due to the efforts of Mr. N. Mitra, the acting Curator, who spared no effort to enhance the value of the gardens both scientifically and aesthetically.

The decay of the Great Banyan Tree still proceeds and a considerable portion in the centre had to be removed to prevent the further spread of the fungus. Efforts are now being made to check the dying of the prop roots by loosening and improving the soil, but it is doubtful if the tree can be saved.

The Gardens suffered a good deal of damage during the year not only by storms but by human agency as well. For some time they were the pasture land of our neighbours. Although cattle and goats were caught and impounded, it was not until a barbed wire fence was erected on the west and north boundaries that the free accession of cattle by night was prevented. The wilful damage of labels is apparently a source of amusement to a certain section of the public while others delight in sawing and breaking up the garden benches. The stealing of flowers and plants was not restricted to any one class and with the darkness in winter this practice grew more prevalent. With a few durwans and where people can quickly leave by car or steamer the detection of offenders is not easy. By the cancelling of the steamers which call at the Garden Jetty after dark and the prompt rounding up of those who were found lingering after closing hours the amount of damage done was greatly reduced.

The condition of the roads still leaves much to be desired although a number of roads were repaired. The provision of an annual grant for this purpose is under the consideration of Government. It is regrettable that the approach from Howrah to the Gardens is not more adequately maintained.

The scheme for the housing of labour mentioned in the report of 1922-23 has never been brought to a completion and the present dwellings are in a deplorable condition. It is, at least, partly due to the entire absence of sanitary arrangements and to the fact that the water-supply is such that it has been condemned as unfit for human consumption, that the sick rolls are so heavy and that outbreaks of cholera and small-pox have been frequent. Schemes for remedying these defects are under consideration and it is hoped that it will be possible to bring them to maturity in the near future.

2. **Plant and seed exchange.**—During the year the Royal Botanic Gardens distributed 39,420 plants to different parts of India, Ceylon, Malaya and Baghdad. The gardens sent to Burma, Ceylon, Africa, America, France, Cyprus and Japan 164 packets and 94 lbs. of seeds. The usual number of plants were received.

3. **Herbarium and Library.**—The work of the Herbarium, which has for a number of years been curtailed as the result of the combination of the appointment of the Curator of the Herbarium with that of the Systematic Assistant of the Botanical Survey of India, has received a new impetus by the appointment of Mr. K. P. Biswas to the post of Curator on the 1st February, 1927. During the greater part of the year, however, Mr. V. Narayanaswami again acted as Curator in addition to his own duties as Systematic Assistant in the Botanical Survey of India.

A considerable amount of identification work has been done during the year, more specially from December to March when the writer's collection of Chittagong plants numbering about 3,925 were received from Kew. About 1,275 plants have been identified for correspondents in different parts of the Indian Empire, so that the total number of specimens identified amounts to about 5,200. During the period under review, 1,688 plants were distributed to Universities and other institutions throughout the world. About 800 herbarium sheets have been sent on loan to correspondents in Paris, Bombay, Sweden, New Zealand and England. Some 2,600 specimens have been received from Assam, Burma, the Malaya Peninsula, the Philippine Islands, Turkestan, Japan and Washington. For these we are indebted principally to Professor H. Hayakawa, Japan, Mr. H. S. Hitchcock, Washington, Mrs. Parry Aijal, Assam; Mr. C. E. Parkinson, Burma, and to the University at Tashkent.

The Herbarium is extending almost daily and there is practically no room for further incorporation of specimens. In fact, specimens already in the cases are being damaged due to overcrowding and a large number are lying outside. The Herbarium requires re-arranging and the nomenclature must in many cases be brought up to date but the lack of space is a serious handicap. The existing Cryptogamic collections, some of which are of considerable value, are in a state of confusion and further collections have had to be refused for lack of room in which to house them. The extension of the Herbarium either by adding another storey to the present building or by erecting a separate building is urgently required. The entire lack of modern microscopes is gradually being made good.

A number of important additions have been made to the library during the year, partly by purchase, partly by gift, and I take this opportunity of thanking those authors who presented monographs or papers of Botanical interest to the Library. The Library, by failure to subscribe to important journals, many of which were received before the war but which have not been subscribed to since, is losing its usefulness and research work is badly handicapped by the absence of up-to-date literature. The library does not even contain the new edition of Engler's "Die naturlicher der Pflanzen Familien" which is a standard work on Systematic Botany and without which not even the regular Herbarium work can be kept up to date. Efforts are being made to increase the number of periodicals received by exchange which was formerly much greater than it is at present.

4. **Publications.**—Proofs have been received from Professor Martelli of Volume XIII of the Annals of the Royal Botanic Garden, on Asiatic Palms.

In accordance with the practice of other Botanical institutions a catalogue of seeds which can be supplied by this garden has been prepared and is being published for world-wide distribution. The Curator of the Lloyd Botanic Gardens has prepared a similar list.

The Guide Book to the Gardens, the last edition of which was published in 1902, has long been out of print. Numerous requests for this publication are received from visitors and correspondents, and steps

have been taken to bring it up to date. It will be ready for re-issue by the middle of 1927.

5. **Finance.**—Out of a total budget allotment of Rs. 57,299 for staff and permanent establishment Rs. 49,709 were spent leaving a saving of Rs. 7,590 mainly effected by a reduction in expenditure in the pay of the post of Curator of the Herbarium. The temporary establishment allotment of Rs. 31,500 was practically all utilised and from Rs. 38,966 granted under other heads Rs. 1,022 were saved. The net saving under all the heads for the year amounted to Rs. 10,613 of which Rs. 8,000 were surrendered to Government leaving a net saving of Rs. 2,613. Revenue, being sale proceeds of surplus plants, etc., amounted to Rs. 2,296.

6. **Staff.**—Mr. C. C. Calder held charge up to 20th May, 1926. Thereafter he went on leave for 16 months after making over charge to Mr. G. E. Shaw, Government Quinologist, who acted as Superintendent for a short period from the 21st May to 3rd July, 1926. He in his turn made over charge to Mr. V. Narayanaswami, officiating Curator of the Herbarium, who carried on the current duties of the Superintendent till the 11th July, 1926. Thereafter Mr. J. M. Cowan took charge on the 12th July, 1926, and held charge till the end of the year under report.

Mr. V. Narayanaswami, Systematic Assistant to the Botanical Survey of India, officiated as Curator of the Herbarium and Librarian, in addition to his own duties, till the 31st January, 1927. On the 1st February, Mr. K. P. Biswas, M.A., was appointed to be Curator of the Herbarium on probation for one year and took over charge which he held till the end of the year.

Mr. W. V. North went on leave for 15 months and 16 days on the 3rd April, 1926. During his absence Mr. N. Mitra was transferred to the Royal Botanic Gardens, Calcutta, to act as Curator. Mr. M. Jones, Overseer, was promoted to officiate as Assistant Curator of the Royal Botanic Gardens, and held charge throughout the year except from 3rd January, 1927, to 2nd March, 1927, when he was on leave. In the vacancy caused by Mr. Jones's promotion an outsider, Mr. K. S. Joneja, was appointed to act as Overseer. The second overseership in the garden remained vacant throughout the year. Babu Santosh Kumar Mitra, Head Clerk, was on leave preparatory to retirement. The work of some of the senior members of the office staff leaves much to be desired, and Babu Ashutosh Bannerjee, 7th Clerk, who has officiated as Head Clerk throughout the year, is to be commended for his grasp of office routine and his intelligent handling of problems of intricacy. In spite of difficulties his work has reached a very high standard. Babus Rash Behari Ghose and Amulya Krishna Roy have worked conscientiously and efficiently. Babu Jotindra Nath Banerjee, Shorthand Typist, being found permanently unfit for further service by the Medical Board, retired on 21st March, 1927.

In the Government Gardens, Calcutta, Mr. N. Mitra, Assistant Curator, held charge for 2 days till the 2nd April, 1926. Thereafter he made over charge to Mr. S. N. Basu, who officiated till the end of the year. Mr. Quasam Ali, Overseer, was on leave on average pay from 22nd October, 1926, to 4th January, 1927.

The Lloyd Botanic Gardens, Darjeeling, were under the charge of Mr. J. E. Leslie, who officiated as Curator throughout the year.

With the exception noted the work of the staff has been satisfactory.

CALCUTTA GARDENS.

Work in these gardens was again mainly of a routine character. The winter season annuals made a fine display; a number of new flower beds were added.

By closing the four corner gates of the Dalhousie Gardens it has been possible to partially renovate the grass lawns which had, in many places, been trodden bare by pedestrians. In the Eden Gardens the erection of numerous iron hoops over footpaths, as soon as they appeared, was to some extent effective in preserving the grass.

Waste paper baskets have now been provided in all three gardens in the hope that they will be used by the public and that the labour force can be freed for more important work than the collection of waste paper. In the Eden Gardens a number of the roads have been repaired. Fishing passes were issued for the lake in the Eden Gardens from April till October and yielded a revenue of Rs. 1,304. The work

in all three Gardens has been somewhat hampered by dissatisfaction among the labour force on account of the low rate of wages. Although strikes were periodically threatened the aspect of the Gardens throughout the year was fairly satisfactory.

Out of a total allotment of Rs. 22,284, Rs. 22,168 were spent, leaving a small saving of Rs. 116.

LLOYD BOTANIC GARDENS, DARJEELING.

The rainfall for the year was 100 inches. No snow fell but frost at night was continuous from December to February. A hailstorm at the end of March did considerable damage to bedding plants. Besides the usual routine of work of the Gardens, two roads were metalled and others were repaired. Ten new quarters were erected for garden servants by the Public Works Department at a cost of Rs. 4,280. The conservatories were repaired and painted, the nursery was re-fenced and fencing materials were purchased to replace the broken down fences of the garden boundary. The Curator went on collecting tours to Gantok in June and to the Jhelap La and Changu in September and to the Singalila Range in October.

Some 2,322 plants, 8,425 seedlings, 7,902 packets and 19 lbs 2 oz. of seeds, were distributed. Some 200 plants were received from correspondents.

Visitors to the gardens totalled 40,186. Mr. Leslie continues to maintain the high standard of the gardens and is undertaking the completion of a catalogue prepared by Mr. Cave. The total allotment for this garden was Rs. 21,908. Rupees 20,331 were spent leaving a small saving of Rs. 1,577.

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 29th June 1927.

Summary.—During the week the rainfall was generally light throughout the province except in some North Bengal districts where it was moderate to heavy. More rain is needed for the transplantation of winter paddy and for the growth of standing crops. Cutting and steeping of lowland jute continue in some North and East Bengal districts. Condition and prospects of standing crops are generally fair. The average price of common rice for the province has risen by about 0·66 per cent. as compared with that of the previous week.

(*2*) A re-constituted plot shall, whenever possible, be allotted in place of every original plot.

(*3*) If at the time of the declaration of intention to make a land development scheme any original plot contains a masonry building, whether completed, or in course of erection, which will not interfere with the execution of the scheme, the re-constituted plot containing the said building shall be allotted to the owner of such building, unless such owner consents to its allotment to any other person.

Restriction of building after declaration of intention to make a scheme.

12. (*1*) Notwithstanding anything contained in any other enactment for the time being in force, when a local authority has published a declaration of intention to make a land development scheme— [*Cf.* 191 s. 15.]

(*2*) If the local authority is satisfied that any work referred to in clause (*a*) of sub-section (*1*) has been commenced or is being carried on without a certificate, or otherwise than in accordance with the conditions imposed in such certificate, it may—

(*4*) When an application has been made to a Magistrate under clause (*ii*) of sub-section (*2*), he may make an order directing that the work done, or so much of the same as has been executed in contravention of the provisions of sub-section (*1*),—

(*a*) be demolished by the owner of the building or altered by him to the satisfaction of the local authority, as the case may require, or

(*b*) be demolished or altered by the local authority at the expense of the owner of the building:

(*a*) to proceed at once with the making or execution of the scheme to the satisfaction of the Local Government, or

(*b*) to show cause why the Local Government should not appoint a person to supersede the local authority in the making and execution of the scheme.

(*2*) If the local authority fails to proceed with the making or execution of the scheme to the satisfaction of the Local Government, or does not show cause to the satisfaction of the Local Government under clause (*b*) of sub-section (*1*), the Local Government may appoint a person to exercise and perform all the powers and duties of the local authority in respect of such scheme and may fix the remuneration to be paid to such person and to the staff to be employed under him.

(*2*) The provisions of section 12 shall apply to the area comprised in such scheme, as if the notification of the sanction of such scheme were the publication of a declaration of intention to make a land development scheme:

Provided as follows:—

(*a*) if the building which it is desired to erect, re-erect, alter or add to, can in the opinion of the local authority, by a reasonable modification of the plans or a change of site or in some other way, be erected, re-erected, altered or added to, without substantial detriment or loss, in such a manner that it will be in conformity with the scheme, no compensation shall be payable; but if this is not in its opinion possible, the local authority shall pay reasonable compensation for any damage, loss or injury incurred;

(*b*) the local authority, instead of paying compensation, may acquire the land upon which the building was to be erected, re-erected, altered or added to;

(*c*) no compensation shall be payable in respect of any buildings intended to be used for or in connection with any offensive or dangerous trade specified in the Schedule, unless such buildings are situated within the area (if any) allotted in the scheme for offensive and dangerous trades.

Execution of town-planning schemes.

20. (*1*) The local authority may at any time proceed to carry out the whole or any part of a town-planning scheme, either by making and executing a land development scheme in respect of the whole or any part of such scheme or by acquiring land and carrying out the work from its own funds, or partly by the one method and partly by the other:

Provided that, if the whole or any part of a town-planning scheme is carried out by means of a land development scheme, the local authority shall bear the cost of main streets and of such open spaces, gardens, recreation grounds, schools, markets, libraries, museums, hospitals, and other public institutions or conveniences as are, in its opinion, required for the general purposes of the area as a whole.

(*2*) If any question arises as to whether the main streets and other public institutions or conveniences referred to in sub-section (*1*) are required for the general purposes of the area as a whole, any owner of, or other persons interested in, any land within the area of such land development scheme may demand that the matter be referred to the Local Government, whose decision thereon shall be final.

The Bengal Land Development Bill, 1927.

(Chapter IV.—Arbitration and Appeals.—Clauses 21—24.)

CHAPTER IV.

ARBITRATION AND APPEALS.

Appointment of arbitrator.

21. (*1*) After a land development scheme has been sanctioned under section 8, the Local Government may appoint an arbitrator, whose powers and duties shall be such as are hereinafter provided. [*Cf* 1915, s. 29.]

(*2*) The Local Government shall fix the remuneration of the arbitrator subject to such maximum as may be prescribed, and may sanction such establishment to work under him as it considers necessary.

Arbitrator to hold sittings, and to endeavour to reconcile interests of persons concerned.

22. The arbitrator shall hold sittings either within the area of the land development scheme or in its immediate vicinity, and he shall endeavour, in so far as is consistent with the draft scheme (subject to such variations as are hereinafter permitted), to reconcile the conflicting interests of the various persons concerned and to settle amicably such disputes as may arise. [*Cf.* 1915, s. 34.]

Notice to persons interested.

23. (*1*) The arbitrator shall cause public notice to be given in the prescribed form at convenient places in the area of the scheme, stating the particulars of the land to which the draft scheme relates and the manner in which the draft scheme may be obtained and shall, by a notice in the prescribed form, require all owners of, and other persons interested in, the land to appear personally or by agent before the arbitrator at a time and place therein mentioned at which he will hold his sittings (such time not being earlier than fifteen days after the date of publication of the notice) and to state the nature of their respective interests in the land and the amount and particulars of their claims to compensation for such interests. The arbitrator may require such statement to be made in writing and signed by the party or his agent. [*Cf.* Act I of 1894, s. 9.]

(*2*) The arbitrator shall also serve a notice in the prescribed form to the same effect on all owners of original plots whose names appear in the draft scheme and on all such persons known or believed to be interested therein, or to be entitled to act for persons so interested, as reside or have agents authorized to receive service on their behalf, within the area of the scheme.

(*3*) If any owner of, or other person interested in, the land resides outside the area of the scheme, and has no such agent, the notice shall be sent to him by post in a letter addressed to him at his last known residence, address or place of business.

Power to require and enforce the making of statements as to names and interests.

24. (*1*) The arbitrator may also require any of the persons referred to in section 23 to make or deliver to him, at a time and place mentioned (such time not being earlier than fifteen days after the date of the requisition), a statement containing, so far as may be practicable, the name of every other person possessing any interest in the land or any part thereof as co-proprietor, sub-proprietor, mortgagee, tenant or otherwise, and the nature of such interest, and the rents and profits (if any) received or receivable on account thereof for three years next preceding the date of the statement, and the arbitrator shall serve a similar notice in the prescribed form on every such other person or his authorized agent, and if such other person resides outside the area of the scheme the provisions of sub-section (*3*) of section 23 shall apply to every such notice: [*Cf.* Act I of 1894, s. 10.]

Provided that no scheme shall be deemed to be invalid merely by reason of any accidental omission or *bonâ fide* mistake in the service of a notice under section 23 or under this section:

Provided also that the local authority may consider and adjudicate upon any claim for compensation which may be made to it by any person affected by any such omission or mistake in the service of such notice.

(*2*) Every person required to make or deliver a statement under section 23 or under this section shall be deemed to be legally bound to do so within the meaning of sections 175 and 176 of the Indian Penal Code. Act XLV of 1860.

Hearing of claims and objections.

25. The arbitrator shall hear all the persons referred to in section 23 and sub-section (*1*) of section 24 who appear before him at such time as may be fixed by him or at any other time to which he may adjourn the hearing, and he shall consider and adjudicate upon all claims and objections, and, if in his opinion compensation should be allowed for the land, he shall apportion such compensation among all the persons known or believed to be interested in the land, of whom, or of whose claims, he has information, whether they have or have not appeared before him. [*Cf.* Act I of 1894, s. 11.]

Disputed claims to original plots.

26. (*1*) When there is a disputed claim as to the ownership of rights appertaining to any original plot, the arbitrator shall inquire into such claim, in so far as it affects the provisions of the land development scheme, and shall decide the claim for the purposes of the scheme. [*Cf.* 1915, s. 4.]

(*2*) A decision under sub-section (*1*) shall not be subject to appeal, but it shall not operate as a bar to a suit in a civil court.

(*3*) Whenever a civil court passes a decree which is inconsistent with any such decision, the decree shall be operative and be given effect to for the purposes of the scheme as soon as practicable after such decree has been brought to the notice of the local authority either by the civil court or by some person affected by such decree.

Matters to be decided by the arbitrator.

27. In accordance with the prescribed procedure, the arbitrator shall— [*Cf.* 1915, s. 30.]

(*1*) determine the size and position of the reconstituted plots and the owners of original plots to whom each is to be allotted;

(*2*) determine in a case in which a re-constituted plot is allotted to two or more persons in ownership in common, the shares of such persons;

(*3*) determine what right (other than rights of ownership) are to be transferred from original plots to re-constituted plots, and on what terms and conditions;

(*4*) determine what rights (other than rights of ownership) are to be extinguished, and on payment of what compensation and by whom and in what manner;

(*5*) determine which owners of original plots cannot, under the exigencies of the land development scheme, be provided with reconstituted plots, and what compensation shall be paid to such owners and to other persons interested in such plots, and in what manner;

(*6*) determine what compensation shall be paid to the owner of, and other persons interested in, any property which is injuriously affected by the making of the land development scheme, and by whom and in what manner;

(*7*) estimate—

(*a*) the market value of the land of each original plot at the date of the declaration of intention to make a land development scheme, without reference to the improvements contemplated in the scheme, and

(*b*) the market value of all buildings standing on such plot at the time when the estimate is made;

(*8*) estimate the market value of each reconstituted plot with the buildings standing thereon, on the assumption that the land development scheme has been completed;

(*9*) subject to the provisions of section 20, apportion the estimated cost of carrying out all works to be executed by the local authority under the land development scheme among the owners of the re-constituted plots;

(*10*) determine the amount (if any) which every owner of a re-constituted plot is to pay or receive owing to the fact that the market value of the plot allotted to him (estimated on the assumption that the land development scheme has been completed) is more or less than his proportionate share calculated in the manner provided in section 36.

Allotment of re-constituted plots.

28. (*1*) In determining the size, position and ownership of re-constituted plots the arbitrator shall occasion as little disturbance of property as possible, and shall approximate the value of such plots as nearly as possible to the share (calculated in the manner provided in section 36) to which each owner is entitled.

(*2*) If two or more original plots belong to the same owner, the arbitrator may treat them as one for the purpose of allotting re-constituted plots in their place; and he may allot two or more re-constituted plots in place of one original plot.

(*3*) Every re-constituted plot shall, so far as possible, be made suitable for building purposes.

Demarcation by arbitrator.

29. The arbitrator may demarcate the re-constituted plots and the land required for streets, open spaces and other public purposes.

Transfer of rights from original to re-constituted plots, or extinction of such rights.

30. Any right in an original plot which, in the opinion of the arbitrator, is capable of being transferred wholly or in part, without prejudice to the making of the scheme, to a re-constituted plot, shall be so transferred, and any right in an original plot which, in the opinion of the arbitrator, is not capable of being so transferred, shall be extinguished: [*Cf.* 1915, s. 20.]

Provided that an agricultural lease shall not be transferred from an original plot to a re-constituted plot without the consent of all the parties to such a lease.

Compensation for original plots in place of which no re-constituted plot can be provided.

31. (*1*) If, on account of the smallness of the original plot or for any other reason, it is not possible, in the opinion of the arbitrator, to provide a re-constituted plot in place of any original plot, the arbitrator shall award reasonable compensation to the owner of, and other persons interested in, such plot.

(*2*) Such compensation shall be equal to the market value of the land of the original plot at the date of the declaration of intention to make a draft scheme, without reference to the improvements contemplated in the scheme, *plus* the market value of all buildings standing on such plot at the time when the compensation is granted, *plus* an allowance of fifteen *per cent.* on the total of these values:

Provided that, in calculating the value of such buildings, the value of any building or part of a building constructed in contravention of section 12 shall be omitted.

Compensation for property or rights injuriously affected by a scheme.

32. (*1*) In determining the compensation to be paid to the owner of, and other persons interested in, any property which is injuriously affected by the making of the land development scheme, the arbitrator shall take the value of such property or of any right therein to be its market value at the date of the declaration of intention to make a scheme without reference to the improvements contemplated in the scheme. [*Cf.* 1915, ss. 21 and 22.]

(*2*) When any property or any right in any property is injuriously affected by reason of any provisions contained in a land development scheme, no compensation shall be paid in respect of such property or right if, or in so far as, the provisions are such as would have been enforceable without compensation under any Act for the time being in force, or any rule or by-law thereunder.

Buildings constructed in contravention of section 12 to be omitted in estimating values.

33. In estimating the market value of buildings under clauses (*7*) and (*8*) of section 27, the arbitrator shall omit the value of any building or part of a building constructed in contravention of section 12.

Costs of a land development scheme.

34. (*1*) The costs of a land development scheme shall include— [*Cf.* 1915, s. 16.]

(*a*) the remuneration of the arbitrator, the salary and allowances of his staff and all office and contingent expenses duly incurred by him;

(*b*) all sums payable to the Trustees for the Improvement of Calcutta on account of the costs of the Tribunal referred to in sub-section (*2*) of section 39, for hearing appeals from the decisions of the arbitrator;

(*c*) all sums payable as compensation for the extinction of rights in original plots, other than rights of ownership which are not transferred to re-constituted plots;

(*d*) all sums payable as compensation to owners of, or other persons interested in, original plots in place of which no re-constituted plot is provided;

(*e*) all sums payable as compensation to the owner of any property or any right in any property which is injuriously affected by the making of the scheme;

(*f*) the estimated cost of carrying out all works to be executed by the local authority under the scheme;

(*g*) all legal expenses of the local authority incurred in the making or execution of the scheme;

(*h*) such other sums payable in connection with the scheme as may be prescribed.

(*2*) The sums referred to in clauses (*a*), (*b*), (*d*), (*f*) and (*g*) of sub-section (*1*) shall be payable proportionately by all the owners of re-constituted plots.

(*3*) The sums referred to in clause (*c*) of sub-section (*1*) shall be payable by the owners of the original plots to which such rights were attached.

(*4*) The sums referred to in clause (*e*) of sub-section (*1*) shall be payable either proportionately by all the owners of re-constituted plots or by individual owners of such plots, as the arbitrator, or the Tribunal or court referred to in sub-section (*2*) of section 39, may direct.

(*5*) The sums referred to in clause (*h*) of sub-section (*1*) shall be payable by such persons as may be prescribed.

(*6*) The sums referred to in sub-section (*2*), and such of the sums referred to in sub-sections (*4*) and (*5*) as are directed to be payable by all the owners of re-constituted plots, are hereinafter referred to as the general costs of a scheme.

Local authority to determine estimated cost of works to be executed under a land development scheme.

35. (*1*) The local authority shall determine the estimated cost of carrying out all works to be executed by it under a land development scheme referred to in clause (*f*) of sub-section (*1*) of section 34.

(*2*) If a majority of the owners of re-constituted plots undertake to carry out the work to the satisfaction of the local authority for a sum equal to or less than the sum estimated by the local authority, and if such owners enter into an agreement with the local authority to carry out the work to its satisfaction, and deposit such security as the local authority may require, the work shall be done by such owners under the supervision of the local authority.

Method of calculating share of general costs of scheme and share in reconstituted plots to which each owner is entitled.

36. (*1*) In order to—

(*a*) apportion the general costs of a land development scheme between the owners of re-constituted plots, and

(*b*) calculate the proportionate share in all the re-constituted plots within a land development scheme to which each owner of a re-constituted plot is entitled,

the arbitrator shall—

(*i*) ascertain the total value of all the original plots belonging to such owners in the manner provided in clause (*7*) of section 27,

(*ii*) ascertain the total value of all the re-constituted plots within the land development scheme in the manner provided in clause (*8*) of section 27, and

(*iii*) ascertain the proportion which the value of the original plot or plots belonging to each of such owners [valued in the manner provided in clause (*7*) of section 27] bears to the total value ascertained under clause (*i*).

(*2*) The proportion ascertained under clause (*iii*) of sub-section (*1*) shall be the proportion of the general costs of the scheme payable by each of such owners; and the share to which each of such owners is entitled in the whole of the re-constituted plots shall be such fraction thereof as represents a value bearing the same proportion to the total value ascertained under clause (*ii*) of sub-section (*1*) as the share of costs payable by him bears to the general costs of the scheme.

The Bengal Land Development Bill, 1927.

(*Chapter IV.—Arbitration and Appeals.—Clauses 37—39.*)

Illustration.—If the total value ascertained under clause (*i*) is Rs. 10 lakhs, the value of the original plots belonging to a particular owner is Rs. 1 lakh, the total value ascertained under clause (*ii*)is Rs. 12 lakhs, and the general costs of the scheme are Rs. 1½ lakhs; then the general costs of the scheme payable by such owner will be Rs. 15,000 (one-tenth of Rs. 1½ lakhs) and he will be entitled to re-constituted plots to the value of Rs. 1,20,000 (one-tenth of Rs. 12 lakhs).

Penalty for injuriously affecting certain property included within a scheme.

37. (*1*) When the decision of the arbitrator has been made under the provisions of this Act in respect of any land development scheme, no owner of any land or building shall, without the written permission of the arbitrator, in any way injuriously affect any land or building which in accordance with the provisions of the scheme is intended to pass into the ownership of another person; and if the arbitrator gives such permission, he shall at the same time decide what modifications shall in consequence be made in the amounts to be paid under the scheme or in any of the other particulars referred to therein.

(*2*) Any owner who contravenes the provision of sub-section (*1*) shall be liable to a fine not exceeding five hundred rupees; and the local authority shall, so far as possible, restore the land or building injuriously affected to its former condition at the expense of such owner.

Powers of arbitrator to vary the draft land development scheme.

38. (*1*) The arbitrator shall, as far as possible, adhere to the draft land development scheme, but he may vary the same if he finds it necessary to do so: [*Cf.* 1915, s. 30 (*10*).]

Provided that, except with the consent of the local authority,—

(*a*) the estimated cost of the works to be executed by the local authority under the scheme and the provision proposed for streets and open spaces shall not be varied; and

(*b*) no variation shall be made in respect of the matters referred to in clauses (*f*) to (*j*) of section 3.

(*2*) If the arbitrator applies to the local authority for its consent to any variation under the proviso to sub-section (*1*), the local authority may pass such orders as it thinks fit, and the arbitrator shall be bound to carry out such orders.

(*3*) If the Local Government has made any modification in sanctioning the scheme under clause (*a*) of sub-section (*4*) of section 8, such modification shall not be varied except with the consent of the Local Government.

Decision of arbitrator to be final except in certain matters.

39. (*1*) Subject to the provisions of section 38, every decision of the arbitrator shall be final and conclusive and binding on all parties, except in the following matters:—

(*a*) the amount of compensation payable in respect of any right in any property, other than a right of ownership, which is to be extinguished;

(*b*) the amount of compensation payable to an owner of, or other person interested in, any original plot in place of which no re-constituted plot is provided; and

(*c*) the amount of compensation payable to the owner of any property or any right in any property which is injuriously affected by the making of the scheme.

(*2*) An appeal shall lie in respect of any of the matters referred to in clauses (*a*), (*b*) and (*c*) of sub-section (*1*)—

(*a*) in the case of any area referred to in clauses (*a*), (*b*) or (*d*) of sub-section (*2*) of section 1,—to the Tribunal constituted under section 72 of the Calcutta Improvement Act, 1911, and Ben. Act V of 1911.

(*b*) in the case of any area referred to in clause (*c*) of sub-section (*2*) of section 1 and in the case of any area to which this Act may be extended under sub-section (*3*) of section 1,—to the principal civil court of original jurisdiction for that area.

Procedure in respect of appeals.

40. (*1*) No appeal shall be received by the aforesaid Tribunal or court unless it is filed within thirty days from the date of the communication to the party concerned of the decision of the arbitrator appealed against.

(*2*) In hearing appeals the Tribunal shall be guided by the rules made in this behalf under section 76 of the Calcutta Improvement Act, 1911. Ben. Act V of 1911.

(*3*) Every decision of the said Tribunal or court shall be final and conclusive and binding on all parties. [*Cf.* 1915, s. 37 (*2*).]

Payment of costs of Tribunal.

41. (*1*) The President of the Tribunal shall certify what amount is payable in respect of the appeals heard by the Tribunal under each land development scheme, based upon the remunerations, salaries, allowances and contributions referred to in sections 73 and 74 of the Calcutta Improvement Act, 1911. Ben. Act V of 1911.

(*2*) The local authority shall pay the amount certified under sub-section (*1*) to the Trustees for the Improvement of Calcutta.

Arbitrator to forward the final land development scheme to Local Government.

42. When the aforesaid Tribunal or court has decided all appeals, or after the period of thirty days allowed for filing appeals has expired, the abitrator shall forward the final land development scheme, in the prescribed form, through the local authority, to the Local Government, and shall state the date upon which he recommends that the scheme shall come into force, and the liabilities created by it shall take effect.

Contribution of local authority towards the costs of a scheme.

43. (*1*) If the arbitrator is of opinion that the value, estimated in the manner provided in clause (*8*) of section 27, of the re-constituted plots is less than the value, estimated in the manner provided in clause (*7*) of that section, of the original plots in place of which the re-constituted plots are substituted (excluding the original plots in place of which no re-constituted plots have been provided), *plus* the general costs of the scheme, he shall recommend that the local authority shall contribute towards the cost of the scheme the amount of such deficit.

(*2*) In forwarding the final scheme to the Local Government the local authority shall state whether it accepts such recommendation and, if not, the grounds which it has to urge against it.

(*3*) If the Local Government directs that any sum be contributed by the local authority towards the cost of a scheme, such sum shall be deducted from the general costs of the scheme, and the share of such costs to be borne by each owner of a re-constituted plot shall be rateably reduced accordingly:

Provided that in connection with any scheme in Calcutta and its neighbourhood where the Trustees for the Improvement of Calcutta have jurisdiction, any sum directed to be contributed by the Local Government under this section shall be contributed equally by the local authority and the said Trustees.

The Bengal Land Development Bill, 1927.

(Chapter IV.—Arbitration and Appeals.—Clauses 44—47.)

Refusal to sanction final land development scheme.

44. (*1*) The Local Government may, either upon the recommendation of the local authority or upon receipt of a representation from not less than half the owners of original plots, refuse to sanction the final land development scheme.

(*2*) If the Local Government refuses to sanction a final scheme under sub-section (*1*)—

(*a*) no new draft land development scheme shall be made in respect of any portion of the area of such scheme within a period of five years, and

(*b*) the Local Government shall direct by what persons interested in the scheme the costs incurred in making the scheme, including the draft scheme, shall be paid and in what proportion, and in doing so it may direct that the whole or any part of such costs shall be paid by the local authority.

(*3*) Such costs as are directed, under clause (*b*) of sub-section (*2*), to be paid by persons interested in the scheme shall be recovered by the local authority in the manner provided in section 61 for the recovery of sums due to a local authority under the provisions of this Act.

Notification of sanction of final scheme.

45. (*1*) Unless the Local Government refuses to sanction the final scheme under section 44, it shall sanction the same without modification and shall announce the fact by notification. [*Cf.* 1915, s. 40.]

(*2*) Such notification shall state—

(*a*) the date upon which such scheme shall come into force and the liabilities created by it shall take effect,

(*b*) the place where such scheme may be inspected by the public,

(*c*) the price at which copies of such scheme may be obtained,

(*d*) the contribution (if any) which the local authority is required to make towards the cost of the scheme, and

(*e*) the period within which the execution of the scheme is to be completed.

(*3*) On and after the date fixed in such notification the final scheme shall have effect as if it were enacted in this Act.

Arbitrator to make over schemes, etc., to local authority.

46. Every arbitrator shall make over, or cause to be made over, all land development schemes, documents, estimates, plans, maps and papers in connection with such schemes to the local authority or other prescribed authority or officer.

Procedure when arbitrator reports satisfactory scheme impracticable.

47. (*1*) If at any time before the submission of the final scheme to the local authority the arbitrator is of opinion that it is not practicable to make a satisfactory scheme, he shall report accordingly to the local authority, who shall forward his report, with such remarks and recommendations as it thinks fit, to the Local Government.

(*2*) Upon receipt of such report, the Local Government may—

(*a*) direct that the scheme be abandoned, or

(*b*) pass such other orders as the circumstances of the case may require.

The Bengal Land Development Bill, 1927.

(*Chapter IV.—Arbitration and Appeals.—Chapter V.—Execution and Finance of Land Development and Town-planning Schemes.—Clauses 48—53.*)

(*3*) The costs of a scheme which is abandoned under clause (*a*) of sub-section (*2*) shall be paid by the local authority.

(*4*) The abandonment of a scheme under clause (*a*) of sub-section (*2*) shall not operate as a bar to the making of a new draft land development scheme in respect of the same area or any part thereof.

Removal of arbitrator and appointment of another in his place.

48. If it appears to the Local Government that the arbitrator has been guilty of misconduct or is not proceeding with a land development scheme with reasonable efficiency and despatch, it may remove such arbitrator from his office and appoint another person as arbitrator, with such remuneration and staff as it may think fit:

Provided that the Local Government shall, before removing an arbitrator under this section, consider any objections which the local authority or the persons interested in the scheme may urge against such action.

Power of arbitrator to compel attendance of witnesses.

49. An arbitrator appointed under this Act may summon and enforce the attendance of witnesses, including the parties interested or any of them, and compel them to give evidence and compel the production of documents by the same means and, as far as possible, in the same manner as is provided in the case of a civil court by the Code of Civil Procedure, 1908. [*Cf.* 1915, s. 44] Act V of 1908.

Arbitrator, etc., to be deemed public servants.

50. An arbitrator appointed under this Act, and every officer and servant appointed under such arbitrator shall be deemed to be a public servant within the meaning of section 21 of the Indian Penal Code. Act XLV of 1860.

CHAPTER V.

EXECUTION AND FINANCE OF LAND DEVELOPMENT AND TOWN-PLANNING SCHEMES.

Effect of final land development scheme.

51. On the date on which the final land development scheme comes into force— [*Cf.* 1915, s. 41.]

(*a*) all lands allotted to the local authority for streets, open spaces and other public purposes shall, unless it is otherwise determined in such scheme, vest absolutely in the local authority free from all encumbrances;

(*b*) all rights in original plots shall determine, and the re-constituted plots shall become subject to the rights settled by the arbitrator.

Power of local authority to evict summarily.

52. On and after the date on which the final land development scheme comes into force any person occupying any land which he is not entitled to occupy under the final scheme may, in accordance with the prescribed procedure, be summarily evicted by the local authority. [*Cf.* 1915, s. 42.]

Local authority to carry out work under final land development scheme.

53. (*1*) When the final land development scheme comes into force the local authority shall without delay proceed to carry out the work to be executed by it under the scheme, unless the work is to be carried out by a majority of the owners under sub-section (*2*) of section 35.

(*2*) Where the work is to be carried out by a majority of the owners under the said sub-section, if such owners make default or fail to proceed with or to carry out the work to the satisfaction of the local authority, the local authority may itself proceed to carry out the work.

The Bengal Land Development Bill, 1927.

(Chapter V.—Execution and Finance of Land Development and Town-planning Schemes.—Clauses 54—58.)

Power of local authority to remove buildings, etc., which contravene land development scheme and to carry out work in default.

54. (*1*) On and after the date on which the final land development scheme comes into force the local authority may, after giving the prescribed notice— [*Cf.* 1915, s. 43.]

(*a*) remove, pull down or alter any building or other work in the area included in the scheme which is such as to contravene the scheme, or in the erection or carrying out of which any provision of the scheme has not been complied with; and

(*b*) execute any work which it is the duty of any person to execute under the scheme in any case in which it appears to the local authority that delay in the execution of the work would prejudice the efficient operation of the scheme.

(*2*) Any expenses incurred by a local authority under this section may be recovered from the person in default in the manner provided in section 61 for the recovery of sums due to a local authority under this Act.

Payment and recovery of costs of land development scheme.

55. (*1*) The costs of a land development scheme shall be borne in the first instance by the local authority, but the local authority shall recover all such costs as are payable under the final scheme by the owners of or other persons interested in re-constituted plots from such owners or other persons, in the manner provided in section 61 for the recovery of sums due to a local authority under this Act.

(*2*) The amount payable as the cost of carrying out all works to be executed by the local authority under the scheme shall provisionally be taken to be the estimated cost of such works as shown in the final scheme. The amount shall be finally determined by the local authority, on the completion of all such works by the local authority, on the basis of the actual costs of such works; and the local authority shall thereupon either be entitled to receive from or be liable to refund to the owners of, or other persons interested in, re-constituted plots, proportionately in accordance with their shares as shown in the final scheme, any amount by which the actual cost of such works may exceed or fall short of such estimate.

Recovery and payment of amounts due from owners of re-constituted plots.

56. The amounts which the owners of re-constituted plots have to pay under clause (*10*) of section 27 shall be recovered by the local authority in the manner provided in section 61 for the recovery of sums due to a local authority under this Act.

Payments by adjustment of account.

57. All payments due to any person from a local authority under this Act shall, as far as possible, be made by an adjustment in such person's account with the local authority in respect of the plot concerned or of any other plot in which he has an interest, and, failing such adjustment, shall be paid in cash or in such other way as may be agreed upon by the parties. [*Cf.* 1915, s. 25.]

Power of local authority to borrow money for a town-planning or land development scheme.

58. (*1*) The local authority may borrow money under the Local Authorities Loans Act, 1914, or under any other enactment for the time being in force, to defray the costs of a town-planning or a land development scheme, including any contribution to such scheme which the local authority may be required to make or in order to make advances for the erection of dwelling-houses under section 60. [*Cf.* 1915 s. 6.] IX of 1914.

(*2*) Any expenses incurred by the local authority under this Act may be defrayed out of the funds of such local authority.

Provided that no interest shall be payable on any sum remaining due or unpaid for not more than six months from the date when the scheme comes into force.

62. The local authority shall keep separate accounts of all receipts and expenditure in connection with each land development scheme, and such accounts shall be audited in the same manner as municipal accounts with the same incidents and consequences.

Joint town-planning schemes.

63. (*1*) When two or more local authorities are of opinion that the interests of contiguous areas within their respective jurisdictions can best be served by the making of a joint town-planning scheme, and the Local Government agrees with such opinion, a Joint Town-Planning Board shall be constituted. [*Cf.* 1915, s. 45.]

(*2*) Such Board shall be of such number of members as the Local Government may prescribe and shall consist of representatives elected by each of the several local authorities and persons nominated by the Local Government in the prescribed proportion:

(*4*) Preparing or manufacturing bricks, *surki*, lime, tiles and pottery.

(*5*) Keeping a knacker's yard or rice mill.

STATEMENT OF OBJECTS AND REASONS.

The object of the Bill is to regulate the development of urban areas so as to secure proper sanitary conditions and public amenities to provide suitable building sites and to afford facilities for the erection of dwelling-houses. It extends in the first instance to Calcutta, Howrah, and all municipalities in Bengal with a population of not less than 30,000 and an annual income of not less than Rs. 50,000 and to any other municipal area in the neighbourhood of Calcutta to which any of the provisions of the Calcutta Improvement Act have been extended. At the same time power has been taken to extend its provisions to any other selected municipality on the previous application of the Commissioners of that municipality.

2. The object of the Bill will be carried out by initiating land development and town-planning schemes. The former class of schemes which will be executed as necessity arises are meant for the development of building sites in selected areas. Under such schemes all lands included in them will be "pooled" and treated as if the lands were owned in common, each owner being entitled to a share in the final distribution proportionate to the value of his original holding and being liable for the same proportionate share of the cost of the scheme. This method of procedure has the advantage of simplicity, besides being fair and equitable. The net amount payable by the owner of a reconstituted plot may at his option be paid in one or more instalments, and to help him to erect a dwelling-house, the local authority is authorized to advance money to him on the security of the plot. It is intended that land development schemes should be confined chiefly to areas in Calcutta, which are not closely affected by the schemes of the Calcutta Improvement Trust. They will provide a means of supplementing the work of the Trust by laying out, with the co-operation of the owners, areas in the vicinity of street schemes undertaken by the Trust and of developing areas which are ready for building.

Town-planning schemes, on the other hand, are intended to lay down in advance a well-designed plan for a growing town which will be gradually realized as time goes on. The local authority may at any time proceed to carry out the whole or part of a town-planning scheme, either by means of a land development scheme or schemes or by acquiring land and carrying out the scheme at its own cost, or by a combination of the two methods. A town-planning scheme may provide for the construction or alteration of streets, the allotment or reservation of areas for residential and trade or industrial purposes and for open spaces, gardens, recreation grounds, etc. It has been made obligatory on municipalities in which the Act comes into force to prepare a town-planning scheme within three years from the commencement of the Act in those municipalities.

3. The Bill is mainly based on the Bombay Town Planning Act, but differs from this Act in one important particular. The Bombay Act following the lines of the English Housing and Town Planning Act, 1909, provides that the cost of a town-planning scheme shall be borne by the local authority which may recover one-half of the increased value of any property included in the scheme from the owner of such property. The present Bill, on the other hand, provides that the whole cost of a scheme shall be borne by the owners irrespective of the amount of the increase in land value which they are likely to derive from the improvement. This provision has been made in view of the fact that the operation of the Calcutta Corporation and the Calcutta Improvement Trust have shown that in the case of undeveloped areas a sum in excess of the cost of land development schemes undertaken by them can generally be realized from the owners of lands beneficially affected by these schemes. A safeguard has been added by providing that, if it is estimated that the increased value of the land is likely to be less than the cost of the improvements Government may direct the local authority to make good the deficit by a contribution towards the cost of the scheme.

4. The general lines on which the proposed measure will be worked are as follows:—

(1) A land development scheme is to be initiated by the Corporation or other local authority either *suo motu* or on the application of at least six owners possessing together at least one-half of the land in the area concerned.

(2) The local authority after declaring its intention to frame a land development scheme, will consider the objections and suggestions of all owners of land and other persons interested, and will then proceed to prepare a draft scheme.

(3) The draft scheme will be submitted to Government who may sanction it with or without modification.

(4) After a draft scheme has been sanctioned, an arbitrator will be appointed by Government to work out all the necessary details and prepare a final scheme for the sanction of Government.

(5) Each owner will be allotted a plot approximating as nearly as possible to the proportionate share to which he is entitled according to the value of his original holding, and will have to pay or receive the difference, according as the value of the plot allotted to him is more or less than that share.

(6) Similarly the cost of the scheme will be divided between the owners in the same proportion.

(7) Generally speaking, the decisions of the arbitrator will be final, but in certain matters of compensation an appeal shall lie to the Tribunal constituted under the Calcutta Improvement Act or to the principal civil courts in areas outside Calcutta, as the case may be.

(8) A date will be fixed on which the scheme will come into force, and on that date all former rights in the area will cease, and the various owners will take up the reconstituted plots which have been allotted to them.

(9) On the same date all land required for roads, open spaces, etc., will vest in the local authority, which will proceed to execute the various works provided for in the scheme.

(10) The cost of the scheme will in the first instance be borne by the local authority, and will subsequently be recovered from the owners concerned either in a lump sum or by instalments.

NOTES ON CLAUSES.

Clause 1.—It has been provided that in extending the proposed Act to any Municipality not mentioned in this clause, on the previous application of the Commissioners, the Local Government shall take into consideration any objection from any rate-payer or inhabitant of that Municipality.

Clause 2 (1).—The definition of "building" has been taken from clause (*a*) of section 3 of the city of Bombay Municipal Act, 1888 (Bom. Act III of 1888), the exception as regards the boundary wall being omitted.

Clause 2 (9).—The definition of "reconstituted plot" includes every plot in the new lay-out instead of merely such plots as have been altered as in the Bombay Act.

Clause 5.—This clause gives the majority of owners the right to apply to the local authority to have a scheme prepared, and the local authority is bound to consider any representation and may either reject the application or declare its intention to make a scheme.

Clauses 7 and 8.—These clauses lay down the procedure for the preparation and sanction of a draft land development scheme, and also provide that the scheme shall be deemed to have been sanctioned if no communication is received from the Local Government within two months.

Clause 9.—This clause provides that the notification sanctioning the draft scheme should specify the period within which the final scheme is to be submitted to the Local Government and that such notification shall be conclusive evidence that the scheme has been duly made and sanctioned.

Clause 11.—This clause provides for certain cases in which the reconstituted plot shall be allotted to the owner in place of the original plot.

Clause 12.—This clause corresponds to section 15 of the Bombay Act and provides the necessary machinery (based on the Calcutta Municipal Act, 1923,) for awarding such compensation as the local authority may think fit in certain circumstances.

Clause 13 enables the Local Government to supersede a local authority which fails to make or execute a scheme.

Chapter III.—This Chapter deals with what are known as "town-planning schemes."

Clause 14.—This clause provides that in certain areas a town-planning scheme shall be made by the local authority within three years from the commencement of the Act.

Clause 16.—This clause provides for the allotment in a town-planning scheme of areas for residential purposes and for offensive and dangerous trades, etc.

Clause 17.—This clause provides that the intention to make a town-planning scheme shall be published and that the local authority may after taking into consideration any objection, make such scheme.

Clause 18 provides that the sanction of the Local Government shall be necessary for a town-planning scheme which shall be deemed to have been sanctioned if no communication is received from the Local Government within six months.

Clause 21.—This clause provides for the appointment of an arbitrator by the Local Government.

Clauses 23, 24 and 25.—These clauses lay down the procedure for inquiring into the claims of persons whose rights and interests are affected by a land development scheme and are based on sections 9, 10 and 11 of the Land Acquisition Act, 1894 (I of 1894).

Clause 26.—This clause is based on section 4 of the Bombay Act, but it extends not only to cases of disputed ownership, but also to any claim of right in any plot included in the scheme in so far as it affects the scheme.

Clause 27.—This clause sets forth the duties of the arbitrator. It follows section 30 of the Bombay Act.

Clause 30.—This clause is modelled on section 20 of the Bombay Act. A right may be transferred from an original to a reconstituted plot. The arbitrator shall decide how far the right is capable of being so transferred.

Clause 31 provides that in any case in which it is not possible to provide a reconstituted plot in place of an original plot, the market value of such plot and buildings, if any, *plus* the usual 15 per cent. allowance, shall be paid as compensation.

Clause 32.—This clause is based on sections 21 and 22 of the Bombay Act, and provides compensation for property or rights injuriously affected by a scheme.

Clause 34.—This clause enumerates the costs of a land development scheme. It is based on section 16 of the Bombay Act. It also defines what are termed the "General costs of a scheme" which are to be divided amongst all the owners of reconstituted plots in proportion to their share in the whole scheme.

Clause 35.—This clause is necessary on account of the provisions of clause 55 (*2*). It is necessary to give the local authority some safeguard to ensure that the work be carried out by the owners of reconstituted plots to its satisfaction and a similar safeguard is given to the owners concerned by allowing them to undertake the work themselves under the supervision of the local authority at the estimated cost.

Clause 36.—The principle involved in this clause is made clear in the illustration. All owners to whom reconstituted plots are allotted are treated as co-sharers in the whole scheme, their share being proportionate to the value of the original plots owned by each. Having ascertained what this proportion is, each owner is entitled to the same proportionate value of the whole of the reconstituted plots, and similarly he has to pay the same proportionate share of the general costs of the scheme.

Clause 37.—The intention of this clause is that after the arbitrator has made his award, no owner shall, without the written permission of the arbitrator, do anything which would in any way diminish the value of any land or building which will pass into the ownership of another person in accordance with the scheme.

Clause 38.—This clause corresponds to section 30 (*10*) of the Bombay Act. The consent of the local authority is considered sufficient for variations from the draft scheme except in respect of modifications made by the Local Government.

Clause 39.—This clause declares that the decision of the arbitrator shall be final except in respect of compensation payable under a scheme.

Clause 40.—This clause lays down the procedure to be followed by the Tribunal or court in hearing appeals.

Clause 41.—This clause provides for the payment of costs to the Tribunal in respect of appeals.

Clause 43.—This clause makes it incumbent on the local authority to make a contribution towards the costs of a scheme.

Clause 44.—This clause gives power to the Local Government to refuse sanction to a final land development scheme in certain circumstances.

Clause 45.—This clause is based on section 40 of the Bombay Act, and provides that when sanction is given to a final scheme, the fact shall be announced by notification.

Clause 47.—This clause lays down the procedure to be adopted by the local authority when the arbitrator reports that a satisfactory scheme is impracticable.

Clause 48.—This clause provides for the circumstances in which an arbitrator may be removed and another appointed in his place.

Clause 49.—This clause is based on section 44 of the Bombay Act and gives power to the arbitrator to compel the attendance of witnesses in the manner provided in the Code of Civil Procedure, 1908.

Clause 50.—This clause makes the arbitrator and officers and servants under him public servants within the meaning of section 21 of the Indian Penal Code.

Clause 51.—This clause is based on section 41 of the Bombay Act and indicates the effect of a final land development scheme.

Clause 52.—This clause is based on section 42 of the Bombay Act, and gives power to the local authority to evict summarily persons occupying land which they are not entitled to occupy under the final scheme.

Clause 53.—This clause gives power to the local authority to carry out the work under a final land development scheme if the majority of the owners fail to do so.

Clause 54.—This clause is based on section 43 of the Bombay Act, and enables the local authority to remove buildings, etc., which contravene a land development scheme and to carry out the work which is not duly executed.

Clause 57.—This clause is based on section 25 of the Bombay Act, and provides for an adjustment of accounts as between a local authority and any person to whom payment is due

Clause 58.—This clause is based on section 6 of the Bombay Act, and gives power to a local authority to borrow money for a land development or town-planning scheme.

Clause 59.—This clause is based on section 26 of the Bombay Act, and provides for the payment of the net amount due to the local authority by the owner of a reconstituted plot.

Clause 60.—This clause empowers the local authority to advance money to the owner of any reconstituted plot for the erection of dwelling-houses and to make rules regulating such advance.

Clause 61.—This clause indicates the procedure for the recovery of sums due to a local authority.

Clause 62.—This clause makes it incumbent on a local authority to keep accounts of each land development scheme.

Clause 63.—This clause is based on section 45 of the Bombay Act, and provides for the making of joint town-planning schemes for areas which fall within the jurisdiction of more than one local authority.

Clause 64.—This clause corresponds to section 46 of the Bombay Act, and gives power for varying or revoking a land development scheme by a subsequent scheme prepared in accordance with the Act. Power is also given to the Local Government to revoke a scheme.

Clause 65.—This clause is based on section 47 of the Bombay Act, and provides for the payment of compensation to any person who has incurred expenditure for the purposes of complying with any scheme which is subsequently varied or revoked.

Clause 66.—This clause gives the necessary power of entry on any land or building and of its survey for the purposes of the preparation or execution of any land development or town-planning scheme. This clause is based on section 5 of the Bombay Act.

Clause 67.—This clause is based on section 155 of the Calcutta Improvement Act, 1911, and gives protection to a local authority, arbitrator, or officer or servant duly elected, appointed and authorised under the Act against any suit or other legal proceeding in respect of anything done in good faith under the provisions of the Act.

Clause 68.—This clause follows section 156 of the Calcutta Improvement Act, 1911, and provides for notice being given of a suit against any arbitrator, etc., before such suit is instituted.

Clause 69.—This clause is based on section 50 of the Bombay Act, and lays down that registration of a document, plan or map in connection with a final land development scheme is not required.

Clause 70 is based on section 117 of the United Provinces Municipalities Act, 1916, and provides that the Local Government may, at the request of a local authority, acquire land needed for a land development or a town-planning scheme, under the provisions of the Land Acquisition Act, 1894.

Clause 71.—This clause lays down that the procedure of a local authority under the proposed Act shall be regulated by the law under which the local authority is constituted.

Clause 72.—This clause is based on section 166 of the Calcutta Improvement Act, 1911, and provides the manner in which the service of a notice, bill, etc., on a party is to be effected.

Clause 73.—This clause corresponds to section 52 of the Bombay Act. It provides for the making of rules both specifically and generally in connection with the administration of the proposed Act. The power to make rules has been made subject to the condition of previous publication.

The Schedule which is on the lines of Schedule XIX of the Calcutta Municipal Act, 1923, specifies the offensive and dangerous trades for which it is considered desirable that separate allotment of areas should be made in town-planning schemes.

1 **Public Health** (Statistical, Epidemiological and General Health Administration)—

Population.—For the purposes of this review, the total population of Bengal, excluding the Chittagong Hill Tracts, is taken as 46,522,293 (1921 census).

2. **Birth-rate and death-rate.**—In 1925, the total number of births recorded in Bengal was 1,377,097 against 1,203,244 in the preceding year, while the number of recorded deaths fell from 1,203,244 in 1924 to 1,158.473 in 1925. The provincial birth-rate in 1925 was 29·6 per mille, showing an increase of ·34 per cent. over that of the previous year, while it was about one per cent. less than the decennial average of 29·98 per mille. In this connection the Director of Public Health remarks as follows :—

"The registration of vital occurrences being highly unsatisfactory, it would be safe to assume the actual birth and death-rates of the province for the year 1925 to be 376· per mille and 31·6 per mille, respectively, allowing for a recognised omission of 27 per cent· in each case."

It is regrettable that the commissioners of certain municipalities are still remiss in administering the Registration of Births and Deaths Act, although their attention has been drawn year after year to their slackness in this respect.

The North-West Frontier Province, Assam and Burma returned lower birth-rates than Bengal.

The provincial death-rate in 1925 was 24·9 per mille against 25·9 per mille in the preceding year. The mortality rate was thus 3·86 per cent. less than that of the previous year and 10·1 per cent. less than the quinquennial average. It was 16·7 per cent. below the decennial mean.

Infant mortality.—In 1925, 249,582 infants died under the age of one year as compared with 252,337 during the previous year. The rate of mortality was thus 1·6 per cent. less than in the previous year.

During the year under review 2,790 deaths from child-birth were reported as compared with 1,972 in 1924, 1,185 in 1923, 2,567 in 1922 and 1,656 in 1921. The Director of Public Health remarks that the registration of such deaths is still far from complete and estimates that the figure for the year 1925 should be 4,197.

During the year 1925, 62.281 still-births were reported against 64,159 in the previous year, showing a decrease of 2·9 per cent. Local authorities showed a growing interest in maternity and child welfare work, and increased advantage was taken of the Government grant for holding *dai*-training classes. Twenty-six baby week shows were organized in mufassal centres during the year under report.

There is no doubt that there has been a stirring up of the public conscience in the matter of maternal and infant welfare and that deep-seated prejudices are being gradually uprooted. There are grounds for expecting a material reduction in the rate of infant mortality in the near future as a result of progressive enlightenment and increased interest in a subject which is of such importance for the well-being of Bengal.

Cholera.—The mortality from cholera was 34,276 in 1925 as compared with 48.514 in 1924, showing a decrease of 32·7 per cent. The steps taken to cope with epidemics included inoculation and the disinfection of sources of water-supply. Fifty Sanitary Inspectors sanctioned by Government for this purpose and Assistant and Sub-Assistant Surgeons attached to the Public Health Department were deputed from time to time to help local bodies in suppressing outbreaks, while the Circle Assistant Directors gave the benefit of their advice to the sanitary authorities of the affected districts.

Small-pox.—In 1925 the mortality from small-pox was 17,436 against 5,567 in the previous year, showing an increase of 233·3 per cent. The death-rate increased by 17·6 per cent. as compared with the previous decennium.

The total number of vaccinations reported in 1925-26 was 3,030,178 as compared with 2,662,966 in 1924-25. Of the total operations, 1,751,091 were recorded as primary and 1,279,087 re-vaccinations, against 1,655,201 primary and 1,007,765 re-vaccinations during the year 1924-25. There was thus during the year 1925-26 an increase of 5·8 per cent. in primary and 26·9 per cent. in re-vaccination operations. In this connection the Assistant Director of Public Health, Vaccination and Vital Statistics, remarks as follows :—

"The substitution of free vaccination by house to house visitation in most of the districts in place of the old licensed system, the increased activities of the local bodies through their District Health Officers and the Vaccination staff, coupled with the financial help by way of the Government contribution of Rs. 25,000 found the District Board ready to meet the quinquennial onslaught of the anticipated small-pox epidemic, which in consequence enacted a smaller toll of lives in the present than in the previous quinquennium. The gradual increase in the number of vaccinations performed can be taken as a fair index of the rousing of the sanitary conscience of the people, who at present are not so apathetic as they were in former times."

During 1925-26, out of 1,162,322 infants requiring vaccination 3,13,286 or 269·5 per mille were reported to have been successfully vaccinated in the rural areas, as compared with 306,344 or 275·4 per mille during the preceding year. In five districts including Calcutta, the proportion protected was said to have been over 500 per mille.

Fever.—In 1925 the mortality from fever was 874,228 against 912,408 in 1924, giving a ratio of 18·8 per mille against 19·6 per mille in the previous year. In comparison with the year 1924 the mortality decreased in 1925 by 4·08 per cent., while it was less than the decennial mean by 15·7 per cent. As usual, deaths from fever represented 75·5 per cent. of the total mortality. A remarkable feature of the year under review as compared with 1924 was that the percentage of mortality from fever in this Presidency decreased in rural areas while it increased in towns.

Kala-azar.—The number of reported deaths from this disease was 16,766 in 1925, against 9,997 in 1924, 4,565 in 1923, 1,531 in 1922 and 1,552 in 1921. The number of Kala-azar cases treated at hospitals, dispensaries and special centres was 188,949 in 1925 against 139,085 in 1924, 57,238 in 1923, 13,317 in 1922 and 7,689 in 1921. It is gratifying to note that in 1925 every endeavour was made by District Boards to eradicate the disease by utilizing District Board dispensaries and Kala-azar centres and by opening special centres in addition to those started by voluntary organizations such as the Central Co-operative Anti-malarial Society and the Bengal Health Association.

Sanitary Engineering.—Fourteen water-supply and drainage schemes were prepared, and thirteen detailed projects of municipal water-supply and sewerage were drawn up by the Chief Engineer, Public Health Department, in 1925. Sixteen water-supply and sewerage projects were under consideration, four water-supply and two sewerage schemes were completed, and two water-supply and two sewerage projects were partially completed during the year under review. The total capital expenditure on water-supply in 1925 was Rs. 6,81,452, while the total expenditure on municipal drainage and sewerage works was Rs. 4,08,369.

Personal.—The Government of Bengal have recently lost the services of Mr. G. Bransby Williams, who had held the post of Chief Engineer, Public Health Department (formerly called Sanitary Engineer) since 1909, and who has had to retire under the age-limit.

The Engineering branch of the Public Health Department is practically the creation of Mr. Bransby Williams, and it is largely due to his ability and the example set by him that so much sanitary engineering work of a high order of excellence has been carried out by the branch.

The fact that Mr. Bransby Williams's services were freely requisitioned to advise on schemes outside Bengal is itself evidence of the high reputation which his professional skill had earned for him.

Mr. F. C. Griffin officiated successfully as Chief Engineer during half the year under report.

In Dr. C. A. Bentley the Public Health Department has a Director of great enthusiasm, imagination, professional knowledge and ability to inspire his subordinates with his own zeal. Lieutenant-Colonel Stewart, I.M.S., acted as Director of Public Health with remarkable efficiency for the most part of 1925 and in particular showed the greatest energy in visiting all sorts of out of the way places to investigate health conditions.

Government in the Ministry of Public Health associate themselves with the tributes which the Director of Public Health and the Chief Engineer have paid to the assistance given by officers subordinate to them. Special mention should be given to the propaganda work carried out by Rai Sahib K. P. Roy.

It is however considered that future reports should contain a more critical estimate of the efficiency of the Health staffs employed under Government and local bodies and of other Health agencies such as Co-operative Anti-malarial Societies Under the recently sanctioned scheme for rural health organization, there will be a rapid expansion of staff and its duties will not be confined solely to public health work, but much new administrative work will fall upon it. The closest attention to efficiency will be necessary if the staff is to be properly utilized.

By order of the Government of Bengal

(Ministry of Public Health),

A. J. DASH,

Secretary to the Government of Bengal (offg.).

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 6th July 1927.

Summary.—During the week the rainfall was generally light to moderate throughout the province, except in the districts of Khulna and Darjeeling where it was heavy. Calcutta.

2. A description of the scheme is given below :—

This scheme provides for completing the work which still remains in order to widen Diamond Harbour Road to its aligned width between Sterndale Road and the Railway Bridge. The tram lines for the section between Sterndale Road and Alipore Lane and up to a point 50 yards south of the lane will be relaid along the eastern flank of the widened road.

From this point to the southern boundary of the scheme the tram track will remain in its present position, which is sufficiently near the centre line of the road.

The tramway junction at the meeting of Alipore Lane and Diamond Harbour Road will be remodelled by the acquisition of a piece of land from the south-west corner of the Alipore Lines property.

The following figures show the extent of the scheme :—

		Cottahs	Acres.
1	Total area within the limit of acquisition ...	680	11·24
2.	Total area of existing roads within the limit of acquisition	320	5·29
3.	Total area of widened and existing roads ...	40	6·61
4.	Strips thrown into roads	80	1·32
	surplus land	280	4·63
6.	Length of widened Diamond Harbour Road (84 feet)	950 yards.	

The estimated cost of land and Engineering Works is as follows :—

	Rs.
Land—Gross	6,00,000
Recovery	5,50,000

TO HIS EXCELLENCY THE RIGHT HON'BLE SIR FRANCIS STANLEY JACKSON, P.C., G.C.I.E., GOVERNOR OF BENGAL.

In the matter of an election petition under Part VII of the Bengal Electoral Rules, and the Bengal Electoral Regulations,

and

In the matter of the bye-election to the Bengal Legislative Council from the Calcutta North (Muhammadan) constituency held on the 4th day of May 1927,

and

In the matter of Shaikh Abdul Wahab, of 43, Tiretta Bazar, in the town of Calcutta, petitioner,

versus

(1) Sir Abdur Rahim, of 6, Loudon Street, in the town of Calcutta,
(2) Yusuf Cassim Ariff, of 3, Amratola Lane, in the town of Calcutta, respondents.

The humble petition of Shaik Abdul Wahab, the petitioner abovenamed, of No. 43, Tiretta Bazar, in the town of Calcutta,

MOST RESPECTFULLY SHEWETH :—

1. That your petitioner was a candidate for election to the Bengal Legislative Council from the Calcutta North (Muhammadan) constituency aforesaid at the last bye-election, the two respondents abovenamed being the only other candidates.

2. That polling for the above constituency took place on the 4th of May 1927.

3. That upon the counting of votes by the Returning Officer the Respondent No. 1, the said Sir Abdur Rahim, was declared elected as having obtained the largest number of votes, and his name has since been published as such in the *Calcutta Gazette*.

4. That the voting as declared by the Returning Officer was as follows :—

(*i*) Sir Abdur Rahim	582	votes.
(*ii*) Yusuf Cassim Ariff	175	,,
(*iii*) Shaikh Abdul Wahab	4	,,
(*iv*) Rejected	26	,,

5. That in common with Mr. Yusuf Cassim Ariff, Respondent No. 2, your petitioner's object in offering himself as a candidate was to contest the Respondent No. 1, Sir Abdur Rahim, as your petitioner was opposed to the said Sir Abdur Rahim on principle and disapproved of his politics and your petitioner and the said Respondent No. 2 were really acting in the same interest at the said election.

6. That your petitioner is informed and believes to be true that the said Sir Abdur Rahim by himself, by his volunteers, agents and others acting on his behalf, and with his knowledge or connivance were guilty of various corrupt practices specified in Parts I and II of Schedule V of the Bengal Electoral Rules at the said bye-election, such as undue influence, false personation, treating, illegal payments with a view to the improper influencing of votes, the publication of false statements and statements reflecting on the personal character and conduct of the petitioner with the object of prejudicing your petitioner's candidature and that of Mr. Yusuf Cassim Ariff, and your petitioner charges that the said election was not a free and proper election and the result of the election was materially affected by reason of the commission of said corrupt practices.

7. That your petitioner states and charges *inter alia* as follows :—

(*a*) That the said Sir Abdur Rahim by himself or his agents and other persons acting on his behalf and with his connivance or knowledge induced among other persons Hajee Karam Elahi, Hajee Alla Jawaya and Abdur Razzaq, all three of 24, Lower Chitpur Road, to record their votes in his favour in consideration of his (Sir Abdur Rahim's) promise of support to the candidature of the said Abdur Razzaq for election to the Calcutta Corporation at the bye-election which was to be held on the 14th May from constituency No. II (wards Nos. 8 to 12).

(*b*) That on the night of the 2nd of May 1927 at about 10 P.M. one Ashanoor of 81, Peter's Lane, Calcutta, one of the agents of Sir Abdur Rahim, assaulted Abdul Ally Ispahany of Ripon Street, Calcutta, and threatened him and other supporters of Mr. Yusuf Cassim Ariff with bodily harm and physical violence with a view to procure their support for Sir Abdur Rahim.

(*c*) That the said Sir Abdur Rahim employed a number of men, such as Ashanoor, of 81, Peter's Lane, and Golam Imam, of No. 6, Loudon Street, Calcutta, to intimidate, and they did intimidate voters by threat of physical violence, thereby interfering with the free exercise of their electoral rights by the said voters, and that the said Ashanoor and Golam Imam and others also prevented several voters by physical force from entering the polling booth to record their votes.

(*d*) That the said Sir Abdur Rahim's agents also threatened your petitioner's canvasser Mahbub Khan with physical violence and bodily harm, if he did not desist from canvassing for your petitioner as well as for Mr. Yusuf Cassim Ariff.

(*e*) That Abdur Razaq, Hajee Abdus Sattar of Harinbari Lane visited Mr. Yusuf Cassim Ariff several times on behalf of Sir Abdur Rahim and attempted to induce him to withdraw in favour of Sir Abdur Rahim, as Mr. Mahbub Ally had done, on the eve of the general election, having been prevailed upon to do so by Sir Abdur Rahim's personal appeal to him at No. 3, Turner Street, at the residence of Mr. A. F. M. Abdul Ali and Sir Abdur Rahim holding out hopes to him of various advantages in business and otherwise.

(*f*) That the said Sir Abdur Rahim also caused Mr. Yacoob Cassim Ariff to approach his brother the Respondent No. 2 in order to induce him to withdraw his candidature in favour of the said Sir Abdur Rahim, promising that if he did so the said Sir Abdur Rahim would get Mr. Mahomed Rafique to withdraw his election petition against the said Mr. Yacoob Cassim Ariff which was then pending in connection with his election to the Indian Legislative Assembly, or bring about an amicable settlement between the said Yaccob Cassim Ariff and Mahomed Rafique.

8. That your petitioner states that at the polling station at the Deaf and Dumb School, the Presiding Officer violated the rules of the secrecy of the ballot and recorded the votes of a large number of voters openly in sight of the polling agents of either side, and thereby materially affected the result of the election, as a large number of voters who would otherwise have recorded their votes in favour of Mr. Yusuf Cassim Ariff could not do so or were prevented from going to the polling station to record their votes for that reason.

9. That your petitioner states that with a view to misleading illiterate voters who had promised their votes to Mr. Yusuf Cassim Ariff, the said Sir Abdur Rahim by himself, his agents and canvassers, issued cards to them, purporting to be a facsimile of the ballot paper in which the name of Mr. Yusuf Cassim Ariff was placed first, whereas in the real ballot paper Mr. Yusuf Cassim Ariff's name appeared second, and Sir Abdur Rahim all along knew that it would so appear.

10. That your petitioner further charges that the said Sir Abdur Rahim by himself and his agents caused various persons, whose names your petitioner is unable to state, to personate electors whose names were entered in the electoral roll, but who were really dead or were absent and did not come to the polling station to record their votes and thereby procured the application by them of voting papers to which they were not entitled.

11. That as required by rule 33, clause (2), your petitioner begs to annex to this petition a list of the said corrupt practices with particulars and craves a reference thereto as part of this petition.

12. That your petitioner begs to deposit herewith security of the required amount for costs in cash, Rs. 1,000.

13 That the respondent No. 1 submitted his return of election expenses on the 20th May 1927.

14. That the said return of election expenses is false and false to the knowledge of the Respondent No. 1, for which an early enquiry is necessary in the interest of purity of election and general administration.

15. That your petitioner craves leave to supply further particulars of the various corrupt practices stated in this petition before the trial.

16. That in the premises aforesaid your petitioner submits that the said election of Sir Abdur Rahim was null and void and ought to be set aside and a fresh election ordered.

Under the circumstances your petitioner prays that it may be determined that the said Sir Abdur Rahim, Respondent No. 1, was not duly elected or returned and that the said election may be declared null and void and your petitioner further prays for the costs of this petition.

And your petitioner as in duty bound shall ever pray.

Verifications.

I, *Shaikh Abdul Wahab*, the petitioner abovenamed, hereby state that the statements in paragraphs 1, 2, 3, 4, 5 are true to my knowledge and those in paragraphs 6, 7, 8, 9, 10 —16 are made on information received and believed as true. This verification is signed by me at Writer's Building, Calcutta, on the 4th June 1927, at 11 A.M.

(Sd). SHAIKH ABDUL WAHAB.

List of corrupt practices referred to in the annexed petition.

1. *Treating.*—Arrangements made for supplying food and drink to voters at and near the various polling stations on the date of polling.

2. *Illegal payments.*—Such as amongst others payment of Rs. 5 to one Mr. M. A. Beg by Mahomed Rafique (an agent of Sir Abdur Rahim) at the polling station IIIA on the date of polling.

3. *Undue influence.*—Voters, mostly illiterate and susceptible to religious injunctions, were influenced by threats and inducements not to vote for your petitioner.

4. *False personation.*—

(*a*) Persons dead or absent, but whose votes were recorded by others by falsely personating them. Some of these votes were challenged and a note of such challenged votes had been made by the Presiding Officer

(*b*) Same persons voting at more than one polling station at the election.

5. *Hiring of taxis, etc.*—Taxis and lorries, etc., were hired for the conveyance of voters to the polling booths, and Calcutta Corporation cars were also illegally employed for similar purpose with a view to influence voters.

6. *Publication of false statements.*—Leaflets and pamphlets were circulated with misleading suggestions and false statements and statements reflecting on the personal character and conduct of the petitioner with the knowledge and connivance of the Respondent No. 1 or his agents calculated to and did influence a large number of voters all over the area against the other candidates and prejudiced their candidature.

Malicious insinuations were circulated against your petitioner. Copy of one leaflet is attached herewith (original to be produced at the trial), in which the petitioner and Respondent No. 2 and their supporters have been described *inter alia* as the "slaves of Ram", "slaves of Hindus" and "hirelings of Hindu Mahasabhites" and the "Supporters of Sanghathani Ministry".

7. *Filling of false return of expenses, e.g.*, no amounts shown in the receipts column with the object of suppressing the source or sources from which the money was obtained.

* * * * * * * * * * * * * Musalmans! who are you going to vote for? For the servants of Rahim (Worshippers of God) or for the slaves of Rama (Hindus) * * * * Musalmans! don't be deceived. See what class of men Suhrawardy Sahebs are setting up against Sir Abdur Rahim. First, Abdul Wahab who is an inhabitant of Burdwan district and who is a resident in his father-in-law's district, Hooghly. One of his brothers, Abdul Mabud, was a well-known Bhanr (buffoon) and the self-same brother is now a cook and Kjejmatgar of a European at Park Street. Second, Yusuf Ariff whose elder and respected brother repeatedly asked him to withdraw from opposing an able and esteemed personage like Sir Abdur Rahim. He had openly announced it at the Halliday meeting, but Yusuf Ariff did not listen to the request of his brother. Out of regard for the wishes of Suhrawardy Sahebs he spurned the request of his elder and respected brother. Now if the same Suhrawardy Sahebs ask him to defend the Hindu Sabha which they are doing themselves will not Yusuf Ariff then listen to them? * * * * * Can such a man who rebels against his own brother do any good to his community? * * * * * * * The men of Suhrawardy Sahebs along with the Hindus are knocking about in search of such low class Musalmans who will vote or secure votes against Sir Abdur Rahim by selling their religion for a few coin from the Hindus.

ANNEXURE A.

Resolutions for the recruitment in India for the Indian Railway Service of Engineers.

PART I.—*General.*

1. The permanent establishment of the Indian Railway Service of Engineers is recruited from the following sources :—

(1) Officers of Royal Engineers.
(2) Persons of non-Asiatic domicile appointed by the Secretary of State by selection from the United Kingdom.
(3) Persons of Indian domicile appointed by the Government of India after competitive examinations held in India.
(4) Promotion of specially qualified officers of the Provincial Engineering Service and Engineering subordinates.
(5) Occasional admission of other qualified persons.

2. Selected candidates only will be permitted to appear at the competitive examination, referred to in Rule 1 (3). Regulations prescribing the qualifications of candidates and the method of selection and the rules for the examination are detailed in Part II of these regulations.

3. Of the total number of vacancies in a year, to be filled in India by direct recruitment, under Rule 1 (3), two-thirds will be filled on the results of the competitive examination in the direct order of merit, provided that number of candidates is declared by the Public Service Commission as having qualified by examination. The remaining one-third vacancies will be reserved by the Government of India to redress, so far as may be necessary, marked communal inequalities, and any appointments, which it may be necessary to make on these grounds, shall be made by the Governor-General in Council, after consultation with the Public Service Commission, by direct nomination from among candidates who have attained the qualifying standard at the examination. Such

vacancies, among the one-third reserved, as may not be required for the redress of communal inequalities, or for which duly qualified candidates for direct nomination may not be forthcoming, may be filled in the direct order of merit in which the candidates passed the examination.

Note.—Certain appointments in the Indian Railway Service of Engineers were formerly guaranteed to the students of some of the Engineering Colleges. The guarantee has for the future been withdrawn, but to protect the interests of the students who were in the Colleges, when the changes were introduced, the guarantee system will be continued until 1928. The number of vacancies in the Indian Railway Service of Engineers to be recruited for under these regulations will up to that year be reduced by the number of appointments guaranteed

4. From the list prepared by the Public Service Commission, of competitors, who have in the opinion of the Commission attained the qualifying standard (*vide* Rule 22 of Part II of these regulations), candidates, to the number of vacancies to be filled under Rule 1 (3), will be selected for appointment from this list, in the manner laid down in Rule 3, provided that the Government of India are satisfied that they are duly qualified in other respects. Should any selected candidate become disqualified, the Government of India will determine whether the vacancy thus created shall be filled or not; in the former case, the candidate next in order of merit, and in other respects duly qualified shall be deemed to be the selected candidate.

Note.—If a candidate having been nominated by the local Selection Committee (see Part II of the regulations) as a candidate for both the Indian Railway Service of Engineers and the Transportation (Traffic) and Commercial Departments, is a selected candidate for both, he shall be treated as a selected candidate for that service or department only for which he expressed a preference at the time of his application.

5. (*a*) Candidates selected for appointment under Rules 3 and 4 will be appointed as probationers on an agreement for three years in the first instance and will, during the period of their probation, draw an allowance of Rs. 300 per mensem in the first year, Rs. 350 in the second year and Rs. 400 in the third year of service, subject to satisfactory reports on their work being received at the end of each year of probation. All the men appointed will, during the period of their probation, be required to undergo practical training of one year on a State Railway, including six months in a Railway Workshop and a further six months on construction or survey, as indicated in Appendix I.

(*b*) At the conclusion of the probationary period all probationers who are favourably reported on will be required to undergo a final practical examination, which will include tests in levelling, surveying, practical design and setting out of work, the manufacture and use of materials, analysis of rates, drawing and estimating, and will, if successful, be confirmed in the Indian Railway Service of Engineers on pay of Rs. 475. On confirmation their agreement will be continued subject to their service being terminable on six months' notice on either side.

6. Probationers will be required to pass a riding test within two years of appointment.

7. Probationers will be required to pass a language examination in *Urdu* by the Preliminary Standard modified to suit the requirements of the Railways, before they can be confirmed or granted any increment, beyond the first, during the period of probation. Probationers whose vernacular is *Urdu* may be exempted from passing the language examination. Failure to pass the examination within the probationary period involves liability to removal from service.

8. Officers (including probationers) of the Indian Railway Service of Engineers, recruited under these regulations will not be entitled to pension on quitting the service, but will be eligible throughout their service for the benefits of the State Railway Provident Fund, to which they will be required to subscribe, and by the rules of which Fund they will be required to abide. They will also be eligible for gratuities for good, efficient, faithful and continuous service. A summary of the benefits of the State Railway Provident Fund and the Gratuity Rules will be found in Appendix II.

9. Pay will commence from the date of joining service. Service for increments will also count from the same date. Particulars as to pay are contained in Appendix III.

10. Leave Rules applicable to State Railway officers are under revision. Officers recruited under these regulations will, pending the revision of the rules, be entitled to leave under the existing rules, but the revised rules will apply to them when they are brought into force.

11. Officers will ordinarily be employed throughout their service on the Railway to which they may be posted on first appointment and will have no claim, as a matter of right, to transfer to some other Railway. But the Government of India reserve the right to transfer such officers, in the exigencies of service, to any other Railway or project in or out of India.

12. Officers recruited for the Indian Railway Service of Engineers in the United Kingdom by the Secretary of State must, as one of the qualifications for their appointment, have undergone at least one full year's practical training before selection, while the officers recruited in India will obtain that training after appointment. In the circumstances officers recruited in the United Kingdom will be given one year's seniority over those recruited in India.

13. The Government of India reserve the right of assigning to the R E. officers recruited for the Indian Railway Service of Engineers, under the rules laid down by the Secretary of State, and to officers promoted from the subordinate ranks, positions in the seniority list at their discretion.

3. The candidate's height will be measured as follows :—

He will remove his shoes and be placed against the standard with his feet together, and the weight thrown on the heels and not on the toes or outer sides of the feet. He will stand erect without rigidity, and with the heels, calves, buttocks and shoulders touching the standard ; the chin will be depressed to bring the vertex of the head level under the horizontal bar, and the height will be recorded in inches and parts of an inch to quarters. No fixed limit of height is enforced.

The arms will then be lowered to hang loosely by the side, and care will be taken that the shoulders are not thrown upwards or backwards so as to displace the tape. The candidate will then be directed to take a deep inspiration several times, and the maximum expansion of the chest will be carefully noted. The minimum and maximum will then be recorded in inches, 33-35, 34-36½, etc. In recording the measurements, fractions of less than ½ inch should not be noted.

A

BILL

to make provision for the establishment and regulation of Borstal schools for the detention and training of adolescent offenders.

Preamble.

WHEREAS it is expedient to make provision for the establishment and regulation of Borstal schools for the detention and training of adolescent offenders;

And whereas the previous sanction of the Governor General has been obtained under sub-section (*3*) of section 80 A of the Government of India Act to the passing of this Act; 5 & 6 Geo. V. c. 61, 6 & 7 Geo. V. c. 37; 9 & 10 Geo. V. c. 101.

It is hereby enacted as follows:—

Short title and extent.

1. (*1*) This Act may be called the Bengal Borstal Schools Act, 1927.

(*2*) This section shall extend to the whole of Bengal and the Local Government may, by notification in the *Calcutta Gazette*, extend any other section or sections of this Act to any local area in Bengal in respect of adolescent offenders generally or of any specified class of such offenders. [*Cf.* Ben. Act VI of 1919, s. 1.]

Definitions.

2. In this Act, unless there is anything repugnant in the subject or context— [*Cf.* Ben. Act II of 1922, s. 3 (*5*).]

(*1*) "adolescent offender" means any person who has been convicted of any offence punishable with imprisonment or who having been ordered to give security under section 106 or section 118 of the Code of Criminal Procedure, 1898, has failed to do so and who at the time of such conviction or failure to give security— Act V of 1898.

(*i*) in any area where the Bengal Children Act, 1922, is in force, is not less than sixteen nor more than twenty-one years of age, or Ben. Act II of 1922.

(*ii*) in any other area is not less than fifteen nor more than twenty-one years of age;

(*2*) "Borstal school" means a school established by the Local Government under section 3;

(*3*) "Inspector-General" means the Inspector-General of Prisons and includes any officer appointed by the Local Government to perform all or any of the duties imposed, or to exercise all or any of the powers conferred by this Act, on the Inspector-General; and

(*4*) "prescribed" means prescribed by rules made under this Act.

Establishment of Borstal schools.

3. (*1*) The Local Government may establish Borstal schools at such places as it may think fit wherein adolescent offenders may be detained and given such industrial training and other instruction and be subjected to such disciplinary measures and moral influences as in the opinion of the Local Government will conduce to their reformation and the prevention of crime.

(*2*) For every Borstal school, a Visiting Committee shall be appointed in such manner as may be prescribed.

The Bengal Borstal Schools Bill, 1927.

(Clauses 4—7.)

Application of the Prisons Act, 1894, and the Prisoners Act, 1900.

4. Subject to the provisions of this Act, the provisions of the Prisons Act, 1894, and the Prisoners Act, 1900, shall apply to a Borstal school established under this Act as if it were a prison and an inmate thereof a prisoner. IX of 1894. III of 1900.

Power of Court to make order for detention in Borstal school.

5. (*1*) If it appears to the High Court, a Court of Session or the Court of a District Magistrate, a Subdivisional Magistrate, a salaried Presidency Magistrate or any Magistrate of the first class specially empowered by the Local Government in this behalf in any case that comes before such Court originally, on appeal or in revision that an adolescent offender convicted by such Court or any Court subordinate to it or failing to obey an order made by such Court or any Court subordinate to it to give security under section 106 or section 118 of the Code of Criminal Procedure, 1898, should be detained in a Borstal school, the Court may, in lieu of passing a sentence of imprisonment, make an order for the detention of the adolescent offender in a Borstal school for a term which shall not be less than two and shall not exceed five years. Act V of 1898.

(*2*) Before making an order under sub-section (*1*) the Court shall—

(*a*) inquire into the age of the offender and, after taking such evidence (if any) as may be deemed necessary, shall record a finding thereon stating his approximate age;

(*b*) after considering any report or representation which may be made to it as to the desirability of the detention of the adolescent offender in a Borstal school, satisfy itself that the character, state of health and mental condition of the offender and the other circumstances of the case are such that the offender is likely to profit by such detention.

Procedure where the Court is not empowered to pass an order of detention in a Borstal school.

6. (*1*) If any Court not empowered to pass an order of detention in a Borstal school under sub-section (*1*) of section 5 is of opinion that an adolescent offender convicted or ordered to give security by such Court is a proper person to be detained in a Borstal school, the Court may, in lieu of passing sentence, record such opinion and submit the record of the case and forward the adolescent offender to the District Magistrate or Subdivisional Magistrate to whom he is subordinate or to a salaried Presidency Magistrate.

(*2*) Before forwarding an adolescent offender in accordance with the provisions of sub-section (*1*) the Court shall make the enquiry and record the finding prescribed in clause (*a*) of sub-section (*2*) of section 5 in respect of such adolescent offender.

(*3*) A District Magistrate, Subdivisional Magistrate or salaried Presidency Magistrate to whom an adolescent offender is forwarded in accordance with the provisions of sub-section (*1*) may make such further enquiry (if any) as he may think fit and may, subject to the conditions contained in clause (*b*) of sub-section (*2*) of section 5, make an order for the detention of the adolescent offender in a Borstal school for a term which shall not be less than two and shall not exceed five years, or may return the record of the case to the Court which tried it for passing such sentence as that Court may think fit.

Appeal.

7. (*1*) Any adolescent offender in respect of whom an order of detention in a Borstal school is made under

The Bengal Borstal Schools Bill, 1927.

(Clauses 8—11.)

section 5 or section 6 by a Court in any case that comes before it originally may appeal—

(*a*) if the order is made by a Court of Session or a Court of a salaried Presidency Magistrate to the High Court; or

(*b*) if the order is made by the Court of any Magistrate other than a salaried Presidency Magistrate, to the Court of Session;

within two months from the date of such order.

(*2*) The procedure prescribed for appeals in Chapter XXXI of the Code of Criminal Procedure, 1898, shall apply as far as possible to appeals under this section. Act V of 1898

(*3*) The Appellate Court may dismiss the appeal or may—

(*a*) reverse the order and make any other order or pass any sentence which might have been lawfully made or passed in respect of the adolescent offender by the Court which passed the order of detention; or

(*b*) alter the term of detention subject to the limits prescribed in sub-section (*1*) of section 5.

Procedure after making order under section 5.

8. (*1*) Every adolescent offender directed by a Court to be sent to a Borstal school shall be forthwith sent to the place of intermediate custody prescribed in this behalf in respect of such Court. [*Cf.* Act VIII of 1897, s. 12.]

(*2*) A copy of the order of the Court directing the adolescent offender to be detained in a Borstal school shall forthwith be sent by the Court to the Inspector-General, who shall take immediate steps for the removal of the adolescent offender from the place of intermediate custody to a Borstal school as soon as may be practicable.

(*3*) The period during which the adolescent offender is kept in the prescribed place of intermediate custody shall, for the purposes of computing his total period of detention in a Borstal school, be deemed to be part of that detention.

Limitation on powers conferred by section 5.

9. Any person detained in a Borstal school for failure to furnish security when ordered to do so under section 106 or section 118 of the Code of Criminal Procedure, 1898, shall be released on furnishing such security or on the passing of an order under section 124 of the Code.

Power of Inspector-General to transfer adolescent prisoners to Borstal school

10. If the Inspector-General is satisfied that any adolescent offender sentenced to undergo imprisonment in a jail or detention in a reformatory school is a proper person to be detained in a Borstal school, he may, subject to the prescribed conditions, direct that the adolescent offender shall be transferred to a Borstal school and there be detained for the whole or any part of the unexpired residue of his sentence. The provisions of the Act shall thereupon apply to such person as if he had been originally sentenced to detention in a Borstal school.

Removal from one school to another.

11. The Inspector-General may at any time order an adolescent offender to be removed from one Borstal school to another such school: [*Cf.* Act VIII of 1897, s. 14(*b*)].

Provided that the total period for which the adolescent offender was ordered to be detained in a Borstal school shall not be increased by such removal.

The Bengal Borstal Schools Bill, 1927.

(*Clauses 12—15.*)

Power to release on license.

12. (*1*) Subject to the prescribed conditions, the Inspector-General may, on the recommendation of the Visiting Committee, at any time after the expiration of six months from the commencement of the detention of an adolescent offender in a Borstal school, if he is satisfied that there is a reasonable probability that the adolescent offender will abstain from crime and lead a useful and industrious life, discharge him from the Borstal school and grant him a written license in the prescribed form and on the prescribed conditions permitting him to live under the supervision and authority of such—

(*a*) officer of Government,

(*b*) secular institution,

(*c*) religious society, or

(*d*) responsible person,

as may be approved by the Inspector-General and willing to take charge of the adolescent offender.

(*2*) A license under this section shall be in force until the expiry of the term for which the adolescent offender was ordered to be detained in a Borstal school, unless sooner revoked or forfeited.

(*3*) The period during which an adolescent offender is absent from a Borstal school during the continuance of a license granted to him under this section shall, for the purposes of computing his term of detention in such school, be deemed to be part of that detention.

Revocation of license.

13. (*1*) Subject to the prescribed conditions, the Inspector-General may at any time, and shall, at the request of the institution, society or person under whose supervision and authority the adolescent offender has by license been permitted to live, revoke a license granted under section 12, and upon such revocation the adolescent offender shall be detained in a Borstal school until the expiry of the term for which he was ordered to be detained in such school.

(*2*) If an adolescent offender removes himself from the supervision of the institution, society or person under which he was by license permitted to live, his license shall be deemed to have been revoked from the date on which he has so removed himself.

Powers of arrest of police.

14. Any Police officer, not below the rank of a Sub-Inspector of Police may, without orders from a Magistrate and without warrant, arrest an adolescent offender who has escaped from a Borstal school or removed himself from the supervision of the institution, society or person under which he was permitted to live by license under section 12, and shall send him, if so arrested, in custody to the Borstal school in which he was last detained.

Transfer of incorrigibles, etc., to prisons.

15. Notwithstanding anything elsewhere contained in this Act, if an adolescent offender detained in a Borstal school—

(*a*) is reported to the Local Government by the Visiting Committee of such school to be incorrigible or to be exercising a bad influence on the other inmates of the school, or

(*b*) escapes from the Borstal school or removes himself from the supervision of the institution, society or person under which he was permitted to live by license under section 12,

the Local Government may alter the unexpired residue of the term of detention to such term of imprisonment

The Bengal Borstal Schools Bill, 1927.

(*Clause 16.*)

of either description as the Local Government may determine:

Provided that the period of imprisonment shall not exceed—

(*a*) such unexpired residue, or

(*b*) the maximum period of imprisonment provided by law for the offence or the failure to give security, as the case may be, in consequence of which the adolescent offender was ordered to be detained in a Borstal school,

whichever is less.

Rules

16. (*1*) The Local Government may make rules for carrying out the purposes of this Act.

(*2*) In particular, and without prejudice to the generality of the foregoing power, the Local Government may make rules to provide for all or any of the following matters, namely:—

(*a*) the control and management of Borstal schools;

(*b*) the appointment, powers and duties, of officials in such schools;

(*c*) the constitution, powers and duties of Visiting Committees;

(*d*) the classification, treatment, maintenance, education, industrial training and control of the inmates of Borstal schools;

(*e*) the regulation of the powers of the Inspector-General under sections 10, 12 and 13;

(*f*) the prescribing of places of intermediate custody in respect of Courts to which such Courts may order adolescent offenders to be sent; and

(*g*) the form and conditions of licenses granted under section 12.

(*3*) All rules made under this section shall be published in the *Calcutta Gazette* and, on such publication, shall have the same effect as if enacted in this Act.

STATEMENT OF OBJECTS AND REASONS.

The object of the Bill is to provide for the detention of adolescent offenders in special institutions in which they will be given industrial training and other instruction and subjected to such disciplinary and moral influences as will conduce to their reformation. It is now generally recognized that the period of adolescence is the most critical in an individual's life "when the mind is specially susceptible to fresh impressions and when it is peculiarly important to prevent habits of immorality and crime from being formed" and that it is undesirable from all points of view to familiarise adolescents with ordinary jail life and bring them into contact with adult prisoners.

The Bill is intended to empower certain classes of Courts to pass orders detaining adolescent offenders in Borstal schools for a term of not less than two years, instead of sentencing them in the ordinary way to imprisonment. Provision is made, subject to rules made by the Local Government, for the transfer to Borstal schools of adolescent offenders, whether convicted before or after the passing of the Act. A system of conditional releases on license is also introduced with the necessary provisions for revocation of a license once issued.

PRELIMINARY FORECAST OF THE JUTE CROP, 1927.

CONSOLIDATED STATEMENT FOR BENGAL, BIHAR AND ORISSA AND ASSAM.

[This Forecast deals with estimates of areas only. Estimates of outturn are dealt with in the Final Forecast.]

Revision of Area for 1926.—The forecasted area under jute in 1926 was probably an under-estimate, and the total for the three Provinces has been revised to 3,846,200 acres, as against 3,629,994 acres given in the Final Forecast in 1926.

Area in 1927.—The estimated area of jute in the three Provinces in the present season is 3,382,100 acres, a decrease of 464,100 acres, or about 12 per cent. over the revised figure for last year.

The consolidated figures are as follows:—

DEPARTMENT OF AGRICULTURE, BENGAL.

PRELIMINARY FORECAST OF THE JUTE CROP OF BENGAL, 1927.

[NOTE.—On an average of the five years ending 1924-25, the area under jute in Bengal, to which this Forecast relates, represents some 84·9 per cent. of the total area under jute in British India.]

The Preliminary Forecast deals only with estimates of area sown and the condition of the crop at the time of publication of the Forecast. The estimates of area are based on information received through the Collectors from the Revenue staff; also from Panchayets and Agricultural Officers.

Revision of Area.—In 1926 the forecasted area was 3,171,000 acres. This has since been revised on the basis of actual deliveries, to 3,363,200 acres.

Area sown in 1927.—In Bengal, district returns for the present season show a total area of 2,963,200 acres, a decrease of about 400,000 acres, or about 12 per cent. as compared with the revised final figures for 1926.

Character of the Season.—On the whole the season has been a favourable one, as early rains facilitated timely sowing over a large tract in Eastern and Northern Bengal. In Western Bengal; also in Rajshahi, Malda and Dinajpur, dry weather somewhat hindered sowings. Later, when favourable conditions supervened in Western Bengal, excessive rain did some damage to the growing crop in Noakhali, parts of Tippera and Faridpur; also in Jalpaiguri. Appreciable damage has also been done to the lowland crop in Eastern Bengal by an exceptional rise of the rivers in early June.

Present state of the Crop.—Little or no damage by insects has been reported to With the exceptions referred to above, the present condition of the crop may be regarded as satisfactory on the whole.

Stocks.—Appreciable stocks of fibre from last year's crop are reported from parts of Nadia, Murshidabad, Burdwan, Rangpur, Dacca and Tippera. Other districts report comparatively little.

APPENDIX I.

Preliminary Jute Forecast of 1927.

District.	Estimated area under jute—		Whether much, little or no jute remains in the district from the crop of 1926.	Date by which the sowing of the crop generally commenced this year, and whether the date was early, normal or late.	Remarks by District Officers

	Acres.	Acres.			
24-Parganas ..	76,000	62,000	....	4th week of April. Normal.	The decrease in area is due to the low price of the fibre obtained last year. The weather has been favourable on the whole and its effects on the growth of the crop have been fair The present condition of the crop is promising.
Nadia ..	97,000	79,000	Little except in Kushtia subdivision where much jute remains from the crop of 1926.	Middle of April to middle of May. Normal.	The decrease in area is chiefly due to unexpected fall in the price of jute last year. The weather has been fair except in Kushtia subdivision where the crop has been affected to some extent by drought at the time of sowing. The effects of weather on the cultivation and growth of the crop have been fair. The present condition of the crop is fair.
Murshidabad ..	41,000	33,000	Little except in Lalbagh subdivision where big stock remains.	Middle of May. Late.	The decrease in area is due to (*a*) fall in price last year, (*b*) big stocks of last year and (*c*) insufficient rainfall at the commencement of the sowing season. Rain was wanting in the beginning but conditions improved since. The effects of weather on the cultivation and growth of the crop have been good on the whole. The present condition is fair.
Jessore ..	132,000	107,000	A little ..	1st week of April. A little early.	The decrease in area is due to the low price of jute last year. The weather has been favourable and its effects on the cultivation and growth of the crop have been good. The present condition of the crop is fair.
Khulna ..	48,000	39,000	....	....	....
Burdwan ..	5,000	5,000	20 per cent. of jute is still in the district.	Middle of May. Normal.	The weather has been favourable and its effects on the cultivation and growth of the crop fair. The present condition of the crop is good.
Midnapore ..	11,000	9,000	Nil ..	Beginning of May. Normal.	The decrease in area is due to low price of jute obtained last year. The weather was favourable at the sowing time but there was occasional drought in some places afterwards. The effects of weather on the cultivation and growth of the crop have been fair. The present condition of the crop is fair.
Hooghly ..	34,000	31,000	Little ..	Beginning of May. Normal.	The decrease in area is due to low price of jute last year. The weather at sowing time was not very favourable everywhere on account of drought. It has since improved and its effects on the growth of the crop is now beneficial. The plants are thriving. The damage done in certain areas of Sadar subdivision by insect pest when the plants were young is negligible. The present condition of the crop is fair.
Howrah ..	15,000	12,000	Little ..	End of April. Normal.	The decrease in area is due to want of sufficient rain at sowing time and to low prices obtained last year. The weather was dry at sowing time but has now been favourable Though want of sufficient rain affected the cultivation to some extent but subsequent change of weather has produced good effect on the growth of the crop. The present condition of the crop is fair.
Rajshahi ..	126,000	105,000	Little ..	Middle of March. Normal.	The decrease in area is due to want of sufficient rain and to fall in the price of jute last year. The weather was not favourable at the time of sowing but has now been favourable to the growth of the crop. The present condition of the crop is fair.
Dinajpur ..	93,000	73,000	Little ..	By the middle of April. Normal.	The decrease in area is due to unfavourable weather condition at sowing time and to low price of jute last year. The conditions have improved afterwards and the present condition is fair.
Jalpaiguri ..	56,000	48,000	Very little ..	By the first week of April. Normal.	The decrease in area is due to low price of jute last year. The weather was not favourable at the beginning owing to heavy rainfall which retarded the sowing and growth of the plants and interfered with the cultivation. Much damage was done by hail storm in April The present condition of the crop is good.
Darjeeling ..	3,000	3,000	A little ..	April. Normal	The weather has been favourable and its effects on the cultivation and growth of the crop have been good. The present condition of the crop is good.

Rangpur ..	352,000	309,000	Much ..	April. Normal	The decrease in area is due to low price of jute last year. At sowing time there was drought but the present weather condition is satisfactory.
Bogra ..	104,000	91,000	Little ..	March. Normal	The decrease in area is due to low price of jute obtained last year. The weather was favourable at sowing time. Drought in April and heavy showers in June, however, have affected the crop to some extent. The present condition is fair.
Pabna ..	178,000	156,000	Little ..	Latter part of March. Normal.	The decrease in area is due to abnormally low price of jute last year. Want of rain at sowing time and about a month after, the sudden rise of the rivers have told upon the prospects of the crop to a certain extent. Slight damage by insect pest is also reported. The present condition of the crop on high land is fair and that on low land not satisfactory.
Malda ..	49,000	43,000	A very small quantity.	Middle of May. Late.	The decrease in area is due to want of rain at sowing time and also to low price of jute last year. The weather was bad at the sowing time but has been fair up till now. The present condition of the crop is fair.
Dacca ..	379,000	350,000	Much in Narainganj and little elsewhere.	End of March. Normal.	The decrease in area is due to low price of jute last year. The weather has been favourable but sudden and untimely rise of water level in April caused some damage in lowlying areas. Some damage in small areas was caused by hail in Munshiganj and Sadar subdivisions. The present condition of the crop is good.
Mymensingh ..	730,000	662,000	Little ..	End of March and beginning of April.	The decrease in area is due to fall in prices. The weather has been favourable except for slight damage by early flood in lowlying areas. The present condition of the crop is promising.
Faridpur ..	311,000	272,000	Practically nil in the hands of the cultivators.	End of March. A little late	The decrease in area is due to low price of jute last year and to drought in March. The weather has been unseasonable for lowland jute but favourable for the high land crop. Drought in March and beginning of April has affected the growth of lowland jute. Continuous rainfall from the middle of April to June prejudicially affected the growth of both high and low land crops by encouraging the growth of weeds and making weeding difficult. The present condition of the crop is fair on the whole. The delayed rains have been beneficial.
Bakarganj ..	62,000	50,000	Little ..	March and April Little late	The decrease in area is due to low price of jute. The weather at sowing time and afterwards has not been favourable. Condition of the crop in lowlying areas is not good. The high land crop is comparatively better
Chittagong ..	200	200	The crop is grown for domestic use as vegetables and for rope making.	Middle of May. Normal.	The weather has been seasonable and the present condition of the crop is fair.
Tippera ..	350,000	319,000	About 5 per cent.	1st part of April. Normal.	The decrease in area is due to low price obtained last year. The weather has been seasonable. Too much rain at the early stage has retarded the growth of the crop. The damage due to early rain is about two annas. The present condition of the crop is fair.
Noakhali ..	72,000	63,000	About one anna or so.	March. Normal.	The decrease in area is due to fall in price last year. The weather was not favourable. Heavy showers at the time of sowing and later on have caused a considerable damage as the rains affected the weeding operations and retarded the general growth of the crop. The present condition of the crop is not good. The growth of the crop has been patchy and short in many places.
Total for Bengal	3,314,200	2,92',200			
Cooch Bihar ..	43,000	37,000	About two annas in Tufanganj and a little elsewhere.	Middle of March to April. Normal	The decrease in area is due to low price of jute last year. The weather has been generally unfavourable. Slight damage was done by excessive rain and hail in places. The present condition of the crop is fair to good.
Tripura State ..	6,000	5,000	Little ..	March-April. Early.	The decrease in area is due to fall in price of jute last year. The weather was unfavourable at the beginning owing to heavy rain but is now favourable. The present condition of the crop is good.

DEPARTMENT OF AGRICULTURE, BIHAR AND ORISSA.

PRELIMINARY FORECAST OF THE JUTE CROP OF BIHAR AND ORISSA, 1927.

[NOTE.—On an average of the five years ending 1924-25, the area under jute to which the Bihar and Orissa Forecast relates, represents about 8·6 per cent. of the total area under jute in British India.]

The present forecast deals only with the estimated area sown It gives also a general survey of prospects, but makes no reference to the probable outturn either in percentage figures or in bales

2. **Acreage.**—I estimate the area sown during the current and four preceding years in round numbers as follows:—

Year			Acreage.
1923	...	...	223,200
1924	...	...	212,200
1925	...	...	263,200
1926	...	...	297,000
1927	...	...	241,000

3 **Weather conditions.**—In March light rain fell in the jute districts; the fall was above the normal everywhere, except Cuttack and Balasore, where it was below the normal In April the fall was below the normal everywhere, and in May rainfall was below the normal everywhere except Champaran and Purnea, where it was above the normal In June rain fell in all the jute districts in Champaran and Muzaffarpur it was light, but there was a heavy fall in Purnea.

4 **District returns.**—The total area under jute is estimated by District Officers in round figures at 191,000 acres as against 295,400 acres, their revised figure of the last year. But these estimates have proved to be very much too low in recent years, and I have reason to believe that the area sown in the current year will be approximately 241,000 acres as shown above The decrease is due to low price fetched by the crop last year

5. **Condition and prospects.**—The condition of the crop is good.

6 **General.**—The quantity of jute which remains in the jute districts from the crops of 1926 is reported to be small except in Bhagalpur.

The statement below compares the estimated area under jute in this province this year with the preliminary and final figures of last year:—

The condition of the crop is fair. The date of sowing was normal and has been completed. The crop of this year is expected to be better than last year. DEPARTMENT OF AGRICULTURE, ASSAM.

PRELIMINARY FORECAST OF THE JUTE CROP OF ASSAM, 1927.

[NOTE—On the average of the five years ending 1924-25, the area under jute in Assam represents 5·2 per cent. of the total area under jute in British India.]

Character of the season.—The weather has been on the whole unfavourable for the cultivation and growth of the jute crop, except in Kamrup, Lakhimpur and Garo Hills, Rainfall in February was generally above the average throughout the province while it was barely adequate in March. In April rain was abnormally heavy in the Surma Valley and insufficient in the Lower Assam Valley. In May there was drought in the Surma Valley but favourable weather in the Assam Valley. Insects and floods are reported to have caused some damage to the crop in certain localities. The prospects of the crop do not appear to be satisfactory, and are likely to be worse than last year.

2. **Area sown.**—The total area under jute is estimated to be 177,900 acres which is 8,100 acres less than the final figure of last year. The decrease is in the districts of Cachar, Sylhet, Goalpara and Darrang, while there has been increase in Kamrup, Nowgong and Lakhimpur.

3. As reported by the Deputy Commissioners, a considerable portion of the last year's crop remains in the districts of Sylhet, Goalpara, Darrang and Nowgong while in Kamrup there is little jute locally in stock.

	Acres.	Acres.	Acres.	Acres	Acres.			
Cachar ..	300	500	300	.	200	No ..	Last part of April Normal	The area has fallen this year owing to the fall in the price of jute, want of timely rainfall and irregular rainfall The weather has been therefore irregular and unfavourable There was flood in April damaging the crop to a certain extent. The present condition of the crop appears to be worse than last year.
Sylhet ..	20,000	22,000	15,300	.	6,700	A considerable quantity remains unsold especially in the Habiganj subdivision	Middle of April Normal	The decrease in area is due to the fall in price of jute and also to the high price of paddy for which more lands have been taken for cultivation. Rain was heavy in April followed by a drought On the whole the weather has not been favourable Some damage was done to the crop by the sudden floods of April The prospects of the crop is likely to be a little worse than last year.
Goalpara ..	60,000	68,100	66,600	..	1 500	Much remains in the Dhubri subdivision, but little in the Goalpara subdivision.	1st week of April Normal.	The low price of jute last year and the unfavourable weather at the sowing time account for the decrease in area. The weather continues to be unfavourable till now. Damage has been reported by insects in some places and by floods in low lands The condition of the crop is not good and likely to be worse than last year.
Kamrup ..	15,000	11,700	11,800	100	..	Little ..	15th April. Normal.	The character of weather has been favourable Some damage was done to the crop by insects. The outturn is likely to be better than last year.
Darrang ..	12,600	20,600	18,200	..	2,400	Much remains in the Sadr subdivision	Middle of April. Normal.	The low price of jute last year and the unfavourable weather at the time of sowing the crop are the main causes for the decrease in area. The weather till now has not been favourable and the outturn is likely to be worse than last year.
Nowgong ..	40,000	57,000	59,500	2,500	..	Much ..	1st March 1927. Early	The increase in area is due to anticipation of a rise in the market price of jute The weather at sowing time and up till now has been unfavourable on account of rains Insects and floods are reported to have done little damage to the crop. The crop is likely to be worse than last year.
Sibsagar ..	300	300	300	..	..	No ..	Middle of April Normal.	The weather condition was unfavourable at sowing time, but afterwards became favourable and is so till now The growth of the crop appears to be fair and a normal outturn is expected.

RESOLUTION ON THE REPORT ON THE POLICE ADMINISTRATION IN THE TOWN OF CALCUTTA AND ITS SUBURBS FOR THE YEAR 1926.

GOVERNMENT OF BENGAL.

POLITICAL DEPARTMENT.

Police.

CALCUTTA, THE 13TH JULY 1927.

RESOLUTION—No. 3749Pl.

READ—

The Report on the Police Administration in the town of Calcutta and its suburbs for the year 1926.

The office of Commissioner of Police was held by Sir Charles Tegart' Kt., C.I.E., M.V.O. He was on leave from the 12th March to the 31st October, when Mr. J. E. Armstrong acted as Commissioner.

2. **Strength.**—The number of vacancies at the close of the year was higher than in 1925. This was mainly due to the falling off in recruitment, the pay of the constable evidently being insufficient to attract men of the necessary standard of physical fitness for the arduous work required of them in Calcutta. There were several notable additions to the establishment during the year. These were mainly necessitated by the pressure of conditions arising out of the tension between Hindus and Muhammadans and the development of motor traffic. The Governor in Council is pleased to note that, in spite of the great strain to which the members of the force were subjected, the daily average percentage of sickness was only 2·8.

3. **Housing.**—Some progress has been made with the town building scheme, but much remains to be done. It is particularly regrettable that the difficulties which arose in connection with the site of the Barrabazar Section house should have delayed the commencement of building operations.

4. **Crime statistics.**—In spite of the unprecedentedly high figures against murder and rioting there was a decrease in the total number of cognisable cases reported to the police. A gratifying feature is the continued decrease in the number of cases of robbery, burglary and theft. The fact that since 1923 there has been, in each year, a decrease in the number of such cases, bears testimony to the efficacy of the Goondas Act and the good work of the police. The Presidency Area Emergency Security Act also proved of great value in dealing with criminal gangs.

5. **Revolutionary Crime.**—The brutal murder in the Alipore Jail of Rai Bhupendra Nath Chatarji Bahadur by some young men who had been convicted of offences under the Arms Act and Explosives Act was significant of the mentality of many so-called political criminals and by its nature as an act of vengeance on an officer who had been engaged in operations under the Bengal Criminal Law Amendment Act provided further evidence of the existence of a terrorist party which regards murder as a legitimate method of remedying its grievances.

6. **Communal friction.**—The rapidly growing bitterness of relations between the two largest sections of the community noticed in the reports for 1924 and 1925 culminated in a violent outburst of communal rioting in three well-marked phases in April and July. The resources of the police were not sufficient to enable them to cope with the situation, and military aid had to be called in. The Governor in Council has noted with interest the increased use of motor transport in making the dispositions necessary to prevent the

recurrence of such riots. The difficulty of the situation was intensified by the complete failure of many of the leaders to control their followers or to support the cause of law and order. On the contrary, in the press and on the platform, the wildest allegations were made, as the result of which Government were forced to institute a number of prosecutions under sections 124A and 153A of the Indian Penal Code.

7. **Traffic.**—There are indications that the number of vehicles plying for hire has now reached the point where supply is equal to demand. This taken with the increase in the number of officers employed on traffic duty should facilitate the study of traffic problems, and the Governor in Council hopes that when measures now under consideration are brought into operation, traffic control in Calcutta will be as satisfactory as in any other large city.

The Governor in Council has read with pleasure the list of officers whose work has been commended by the Commissioner of Police. He also desires to thank Sir Charles Tegart and Mr. Armstrong and their staff for their excellent work in a year of extraordinary difficulty.

ORDER.—Ordered that a copy of this resolution be forwarded to the Commissioner of Police, Calcutta, the Chief Presidency Magistrate, Calcutta, and the Commissioner of the Presidency Division, for information.

Ordered also that a copy of the resolution and a copy of the report be submitted to the Government of India in the Home Department.

Ordered also that the resolution be published in the *Calcutta Gazette*.

By order of the Governor in Council,

W. D. R. PRENTICE,

Chief Secretary to the Government of Bengal.

3. No roof of any house shall be built overhanging any public drain or public road, nor shall any other portion of the house project beyond the line of houses on both sides.

4. Models and type-plans of privies approved by the Commissioners in meeting, with estimates of the cost of constructing privies in accordance therewith, shall be kept in the municipal office and shall be open to inspection by any person at all reasonable times without charge, but no person shall be bound to construct any privy in accordance with any such model or type-plan, if the same be constructed in accordance with the other rules on the subject contained in these rules.

5. (1) A drain must be provided for every privy.

(2) Such drain must be constructed of some impervious material and must connect the floor of the privy—

(*b*) the privy must be so constructed as to afford adequate access to the said space for the purpose of cleansing such space and of placing therein and removing therefrom a proper receptacle for sewage,

(*c*) the said receptacle must be water-tight and must be made of metal, well-tarred earthenware or glazed stoneware, and must be of such construction and shape as will admit of its being easily removed and emptied of its contents,

PART I.

Orders and Notifications by the Governor of Bengal, the Government of Bengal, the High Court, Government Treasury, etc.

ORDERS BY HIS EXCELLENCY THE GOVERNOR OF BENGAL.

No. 8501A.—The 27th July 1927.—Whereas the validity of the election of Maulvi Abdul Latif Biswas by the Dacca West Rural (Muhammadan) constituency as a member of the Bengal Legislative Council has been brought in question by an election petition duly presented by Maulvi Raihanuddin Ahmed under the provisions of Part VII of the Bengal Electoral Rules: and whereas in accordance with the provisions of rule 45 of the said Electoral Rules, the Commissioners appointed for the trial of the said petition have duly submitted their report to the Governor. Now, therefore, in pursuance of sub-rule (3) of rule 45 of the Bengal Electoral Rules and in accordance with the report of the said Commissioners, the Governor is pleased hereby—

(1) to declare the election of Maulvi Abdul Latif Biswas as a member of the Bengal Legislative Council for the Dacca West Rural (Muhammadan) constituency to be void;

(2) to direct that the said Maulvi Abdul Latif Biswas shall pay to the petitioner Maulvi Raihanuddin Ahmed the sum of rupees one thousand as costs;

(3) to declare that the petitioner Maulvi Raihanuddin Ahmed who has under the provisions of the Bengal Electoral Rules claimed the seat has not been elected; and

(4) to publish the said report.

W. D. R. PRENTICE,
Chief Secretary to the Government of Bengal.

In the Court of the Commissioners appointed under Rule 36 (2) (a) of the Bengal Electoral Rules.

The 30th June 1927—Dacca.

In the matter of Maulvi Raihanuddin Ahmed, *Petitioner*,

versus

1. Maulvi Abdul Latif Biswas, *Respondent No. 1*,

and

2. Maulvi Abdul Ghani Chowdhury, *Respondent No. 2*.

Report.

The petitioner, the two respondents, and one Khawja Soleman Kader were candidates for election to the Bengal Legislative Council from the Dacca West Rural Muhammadan constituency. Khawja Soleman Kader withdrew his candidature. The three remaining candidates contested for the seat with the following result. The Respondent No. 1 polled 1,753 votes, the petitioner 911 votes, and the Respondent No. 2, 825 votes. The Respondent No. 1 was therefore declared elected. The petitioner questions the election of Respondent No. 1 on the grounds mentioned in his petition which was published in the *Calcutta Gazette*, dated the 14th April last. He also claims the seat.

The Respondent No. 1 denies the allegations made in the petition. The Respondent No. 2 has not appeared.

The charges against the Respondent No. 1 are :—

Bribery,
Undue influence,
Personation,
Payment of boat hire to voters.

It is also alleged that the ballot papers of illiterate voters were not marked by the Presiding Officer as required by law at Malochi and Sivalay, and that the voters' list of Gala and Putai unions were not correctly prepared.

Lastly, it is alleged that the return of election expenses filed by the Respondent No. 1 is incorrect and false in material particulars.

The charge of bribery may be divided into following heads :—

Actual payment of money to voters,
Offer of money to purchase votes,
Offer of money to the Respondent No. 2 for withdrawing his candidature, and treating of voters.

Actual payment of money to voters.—It is alleged that the Respondent No. 1 paid Rs. 2 to Rahisuddin Ahmed, voter No. 68 of Baniajuri union, on 20th November 1926, with the object of inducing him to vote for him. Three witnesses Rahisuddin, Abdul Hakim and Anwarul Huq Chowdhury were examined to prove this charge. Rahisuddin says that he was unwilling to accept the money, but that it was put into his pocket by the Respondent No. 1 as *nazar*, he being a Pir. Rahisuddin does not appear to us to be a reliable person, because upon the evidence we are satisfied that he sent a chit to the Respondent No. 1's father demanding Rs. 20 for deposing in this case for this respondent. Moreover, if he is believed, he is a party to the crime and ought not to be relied upon unless corroborated by independent and reliable evidence. The testimony of the other two witnesses does not carry conviction to mind. We therefore hold that this charge has not been made out.

It is alleged that the Respondent No. 1's agent Osman Ghani Laskar purchased the votes of Chini Bepari, Abdul Kader Bepari, Yusuf Ali, Sarash Khan, and Mamtazuddin Bepari at Shekharnagar polling station by payment of Rs. 2 to Chini and Re. 1 each to the others on the 20th November 1926. Six witnesses have been examined to prove this allegation. The testimony of the three witnesses, who are party to the alleged crime, cannot be safely relied upon. The testimony of the other three witnesses does not impress us favourably. Moreover, there are irreconcilable discrepancies in their evidence. The evidence is hopelessly contradictory as regards the time of the alleged payments, which are said to have taken place at the same time. The homeopathic doctor Manoranjan Babu is not likely to have met the voters on his way to the *hat*, as they admittedly came in a boat. We are therefore not satisfied that he had any conversation with Mamtazuddin as alleged by him. We accordingly hold that this charge has not been established.

Offer of money to purchase votes.—It is said that Abdul Habib Biswas, father of the Respondent No. 1, requested Doctor Ilahadad Khan to purchase the votes of the voters of Ajimnagore union at Rs. 2 per vote. Upon this point there is only the testimony of Ilahadad Khan and Hafej Azizur Rahaman. Abdul Habib Biswas denies making any such offer. It is very easy to make a charge of this kind, but it is extremely difficult to meet it. It is said that the offer was made in a shop at Jhitka Hat in the presence of others. This seems improbable. We are not disposed to believe the petitioner's witnesses. This charge therefore fails.

Offer of money to Respondent No. 2 for withdrawing his candidature.—It is alleged that the Respondent No. 1 offered Rs. 2,000 to the Respondent No. 2 at the latter's residence in this town on the 3rd of October last or thereabout with the object of inducing him to withdraw his candidature. The Respondent No. 1 stoutly denies this allegation. Three witnesses have been examined in support of this charge. They are A. F. Nurannabi, Abdul Ghani Chowdhury and Ramanuddin Ahmed, all of whom are pleaders practising here. Nurannabi's story is that at about 8 or 8-30 P.M. on the 7th November last, *i.e.*, the day previous to the date of scrutiny, the Respondent No. 1 requested the Respondent No. 2 to withdraw his candidature on receipt of his election expenses. Abdul Ghani Chowdhury says at about 8 P.M. on the 3rd November, *i.e*, the day previous to the date of nomination, or on the 7th November, *i.e.*, the day previous to the date of scrutiny, some one in presence of Abdul Latif asked him to withdraw his candidature on receipt of Rs. 2,000 from Abdul Latif. He further states that almost all the Muhammadan pleaders, namely, Nurannabi, Mamtazaddin, Naimaddin Ahmed and Ramanuddin Ahmed were present when the proposal was made to him. Ramanuddin Ahmed says that he does not remember if any one ever proposed to Abdul Ghani Chowdhury to withdraw his candidature Naimaddin, though cited as a witness, has not been examined. Mamtazuddin who has been examined by the Respondent No. 1 says that in his presence there was no suggestion to Abdul Ghani Chowdhury to withdraw his candidature. From his testimony and that of the Respondent No. 1 it appears that the latter arrived at the former's house in this town on the night of the 7th November at 10 or 11 P. M. An entry in the return of expenses submitted by the Respondent No. 1 shows that he did not come on the 7th November in the steamer, but in a motor launch. This shows that he started at a late hour of the day from Manikganj and reached here at about 10 P. M. If this is true, it is not likely that any proposal could have been made at 8 or 8-30 in the evening. It is said that not only all the Muhammadan pleaders, but also Khan Bahadur Zahiruddin, the election agent of the petitioner, was present when the proposal is said to have been made. The Khan Bahadur has not come to the witness box. It also seems to us improbable that a proposal of this nature would be made so openly. The testimony of Nurannabi does not agree with that of Abdul Ghani Chowdhury. They also came to depose at a late stage of the hearing, *i.e.*, after the case of the petitioner was closed. Besides, the testimony of two pleaders, namely, Ramanuddin and Mamtazuddin, does not support their story. In the circumstances we consider it unsafe to act upon the testimony of the petitioner's witnesses and to give a verdict in favour of the offer of money to the Respondent No. 2.

Treating.—It is alleged that the Respondent No. 1 and his agents treated the voters at 36 polling stations, but evidence was adduced only with regard to ten polling stations, viz. :—

1. Manikganj.
2. Baniajuri.
3. Lesraganj.
4. Bangaburia hat.
5. Munshiganj.
6. Malochi.
7. Saturia.
8. Siddeswari.
9. Sonarang.
10. Sekharnagore.

The Respondent No. 1 was admittedly present at Manikganj and Baniajuri. His agents are alleged to have treated the voters at the above ten polling stations with his knowledge and connivance. We will deal with the treating at Baniajuri first. To prove this allegation ten witnesses have been examined for the petitioner and three for the Respondent No. 1. Two of the witnesses of the petitioner are pleaders, who admittedly helped the Respondent No. 1 in canvassing for him on the date of polling. Their evidence unmistakeably shows that the voters were treated, but they are unable to say who paid for the sweets given by the *metaiwalla* to the voters. Pleader Harendra Babu says that some of the voters told him that they were entertained by the Respondent No. 1 with sweets. He also says that he once saw Respondent No. 1's agent and clerk (Rakibuddin) taking some voters to the *metaiwalla*. It also appears from his evidence that the Respondent No. 1 borrowed from him Rs. 30 at the polling station for expenses These expenses might have been the price of sweets supplied to the voters. The pleader Bani Bhusan Babu says that sweets were distributed among the voters by a sweetmeat seller, but at whose instance this was done he cannot say. He saw about 100 persons being entertained, and the majority of these persons according to him were voters. Men of both parties, among whom were voters, informed him that the Respondent No. 1 Abdul Latif entertained the voters. If the evidence of these two witnesses is believed, there is no doubt that the voters were entertained by Abdul Latif's men with his knowledge and connivance and at his expense. Abdul Latif, the Respondent No. 1, admits that these two pleaders were his friends and helpers at the time of the election, but he says that he is now on bad terms with them, as they are in the party of Jyotis Babu, Pleader, whom he has ousted from the secretaryship of the Manikganj Co-operative Bank. Besides the statement of the Respondent No. 1, there is no evidence to show that these two pleaders have anything to do with Respondent No. 1's dispute with Jyotis Babu. It appears that Imanuddin Ahmed, a graduate and a teacher of a school at Tergaree, was the polling agent of the Respondent No. 1. There is no explanation for not examining this gentleman. It is admitted that Bejoy Babu, the president panchayat, is a friend of the Respondent No. 1 and that he treated the Respondent No. 1 on the date of election. The evidence of Harendra Babu shows that Bejoy Babu attended the polling

station. There is also no sufficient explanation for not examining him. We are, therefore, disposed to believe the testimony of the pleaders Harendra Babu and Bani Babu. The testimony of Harendra Babu and Bani Babu has been corroborated by eight witnesses. It is said that out of these witnesses Mahammad Molla is not a voter. It appears that one Ahammad Molla and not Mahammad Molla was a voter. Even if the testimony of Mahammad Molla is discarded, there is the testimony of seven other persons. The testimony of these persons shows that the voters were entertained with sweets, *pan* and smoke by the Respondent No. 1's agents. Out of these five voted for the Respondent No. 1. Four of them were entertained before the voting and one after the voting. On the side of the Respondent No. 1 three witnesses have been examined, including the respondent. Upon consideration of the whole evidence we are disposed to believe the petitioner's witnesses and hold that the voters were treated by the Respondent No. 1's agents with his knowledge and connivance for the purpose of influencing them to vote in his favour. That being so, the case falls under rule 44 (*1*) (*b*) of the Bengal Electoral Rules, and the election of the Respondent No. 1 is liable to be set aside.

In view of the above findings with respect to treating it is not necessary for us to record our findings as regards the treating at other places.

Undue influence.—It is alleged that one Pir Nawab Miah of Badarpur in the district of Faridpur, brother of the well-known Pir Badsha Miah, being requested by the Respondent No. 1, issued a post-card and a manifesto to his innumerable disciple-voters before the election, directing them to vote for the Respondent No. 1, and that the language of the manifesto clearly shows that the Pir attempted to interfere with the free exercise of the electoral right of the voters. It is an admitted fact that the Respondent No. 1 got 1,000 post-cards and 5,000 manifestoes printed at the Manikganj Press. Upon the evidence there cannot be any doubt that the manifestoes bearing the signature of Nawab Miah were distributed among his innumerable disciple-voters. This is proved by the petitioner's witnesses Omar, Jonabali, Kazi Safiullah and Dabiruddin Fakir. Hazi Pachu Hapiri and Hazi Sona Miah who voted for the Respondent No. 1 are the disciples of Pir Nawab Miah. They say that they received the post-card and manifesto bearing the signature of Nawab Miah and that they voted for the Respondent No. 1, being under the impression that they would be sinning if they did not carry out the request of their Pir. In the manifesto the Pir states that it is the duty of every voter to vote for the true patriot, that votes should not be sold, that having regard to the present miserable condition of the Muhammadan community everybody should go to the polling station and vote, and that if he does not do so he will be responsible to God. Lastly he makes a request to the voters not to sit at home on the date of election, but to go to the polling station and vote and cause others to vote for the selfless and patriotic Maulvi Abdul Latif Biswas and obtain untold merit. In the case of Galway it was observed, "Undue influence will be used if ecclesiastics make use of their power to excite superstitious fears or pious hopes, to inspire despair or confidence, to alarm the conscience by the horrors of eternal misery, or support the drooping spirit by unfolding the prospect of eternal happiness—that good or evil which is never to end." It is a matter of common knowledge that the Pirs in India have an extraordinary influence over their disciples. It is therefore not unlikely that the disciples of Nawab Miah thought that they would be sinning if they did not listen to his request as made in the manifesto. Upon reading the whole of the manifesto we have no doubt in our mind that its language was calculated to interfere with the free exercise of the electoral right of the voters by exciting their superstitious fears and pious hopes. We are satisfied upon the evidence that the Respondent No. 1 himself is responsible for this undue influence. We hold that there was undue influence and that the Respondent No. 1 himself is responsible for it. Therefore his election is liable to be set aside. (*See* rule 44 (*1*) (*b*) and schedule 5, part 1, section 2.)

Upon the evidence we are not satisfied that any undue influence was exercised at Malochi and Sonarang.

Personation.—Out of six cases of personation alleged in the petition evidence was given in respect of one only and that at Malochi. The factum of personation in that case is admitted. Isoo was voter No. 1 of Kanchanpur union. Nabu, his brother, came and secured a ballot paper falsely giving himself out as Isoo and voted for him. When he was about to put the ballot paper into the ballot box he was challenged by Asadulla, the polling agent of the petitioner. Nabu at once admitted before the presiding officer that he was Isoo's brother and that he was told that he could vote for his brother who was lying ill at home and could not come to vote. The presiding officer cancelled the ballot paper and put it aside in a separate envelope and sent it on as a challenged and cancelled vote. These facts were admitted by the Respondent No. 1. Now, the question is at whose instance was this personation done or, more correctly, attempted? The Respondent No. 1 claims immunity on the ground of ignorance and says that neither he nor any of his agents was responsible for it. It has, however, been abundantly proved by the petitioner that Nazimuddin Sikdar identified Naboo as Isoo. Asadullah, the polling agent petitioner's witness No. 37, Kazi Azaharul Islam, petitioner's witness No. 38, and Aftabuddin, the acting president of the union, petitioner's witness No. 71, swear to that effect. They also say that Naboo, when questioned by the presiding officer, said that he was brought by Nazimuddin Sikdar and that he voted for his brother as requested by Nazimuddin Sikdar. In this particular they were corroborated by Afiladdin, petitioner's witness

No. 39, a clerk of the Collectorate deputed to help the presiding officer. In reply to this evidence the learned pleader for the Respondent No. 1 refers us to the evidence of Sasanka Babu, the presiding officer, and Harendra Babu, the Respondent No. 1's polling agent. Sasanka Babu was an unwilling witness and he says he does not remember who identified Naboo and whether Nazimuddin was present. He next says that he did not see Nazimuddin at the polling station that day. He further says that he noted what Naboo said and made a report. This report is not before us and is missing. Harendra Babu, the polling agent of Respondent No. 1, corroborates the petitioner's witnesses in all particulars except the presence of Nazimuddin. Girish Babu, a pleader who was canvassing for the Respondent No. 1 at Jhitka, comes to prove this alibi. The fact of Nazimuddin's voting at Jhitka on that very day is put forward as conclusive on the point. Furthermore, the allegation of the petitioner in paragraph 4 (*a*) of the petition has been brought to our notice to disprove the statements of petitioner's witnesses. There it is stated that Naboo was induced by Rakibuddin and other agents of the Respondent No. 1 to come and vote for his brother. Now, if the petitioner's witnesses were perjuring themselves by bringing forward Nazimuddin as the identifier, what, we wonder, prevented them from substituting Rakibuddin's name in place of Nazimuddin? Both were canvassers and agents of the Respondent No. 1 and one was as good as the other. The witnesses Nos. 1, 2, 50 and 74 of the petitioner swear that Nazimuddin was agent of and worked for the Respondent No. 1. "Rakibuddin" was not exhaustive. "Other agents" might very well include Nazimuddin. Then the fact of Jhitka being only 2 or 2½ miles from Malochi as the settlement map and oral evidence show does not make his presence at both stations extremely unlikely or highly improbable. However that may be, the evidence of Isoo, the voter, sets all these surmises and conjectures at rest. He swears that Nazimuddin came to his house in the morning and asked him to vote for Abdul Latif. On his pleading inability to go to vote on account of illness, Nazimuddin said that his brother Naboo might go instead and that that would do as well and that Nazimuddin accordingly took away Naboo with him. Now what evidence have we got to rebut this evidence? Nazimuddin Sikdar does not come forward to deny this statement. It is said he is ill and has gone to Madhupur for change. That is no excuse. He could have been examined on commission if he was so very ill. Isoo's evidence coupled with the evidence referred to above therefore makes it very clear that this personation was procured or attempted to be procured by Nazimuddin. This Nazimuddin is a close relation of Respondent No. 1, being his maternal uncle, and our finding as amply supported by evidence in the case that he was canvassing for him and was acting on his behalf in various ways to further his election constitutes him an agent under the election law. There is, however, no evidence on the record that the respondent had any knowledge of this corrupt practice, but the procuring or attempting to procure personation even by an agent falls under part 1 of schedule 5 of the Bengal Electoral Rules and is sufficient to render the election of the returned candidate void under rule 44 (*1*) (*b*).

Payment of boat hire to voters.—It is alleged that Munshi Muhammad Omar and Abdul Khaleq of Munshiganj, agents of the Respondent No. 1, brought about 20 or 25 voters in boats to Siddeswari and paid their boat hire. Munshi Muhammad Omar was admittedly an agent of the Respondent No. 1. His evidence coupled with the evidence of four other persons shows that the boat hire as alleged was paid. We believe this evidence, but, as it comes under part 2, schedule 5 of the Bengal Electoral Rules, and has not materially affected the result of the election, we hold that it does not vitiate the election.

The ballot papers of the illiterate voters not properly marked.—Sasanka Babu was the presiding officer at Malochi and Sivalaya. He admits that all the ballot papers of illiterate voters were not marked by him and that some were marked by his clerk. This irregularity does not materially affect the result of the election, as the number of illiterate voters at both stations does not exceed 100.

Voters' list of Gala and Putal unions not correctly prepared.—The correctness of the voters' list cannot be questioned before us, because as regards the qualification of voters the order of the revising officer is final.

Return of expenses.—We have next to deal with the return of election expenses filed by the Respondent No 1. The petitioner's main contention in respect of the return is that it does not include various items of receipts and expenditure incurred in connection with the election, viz.—

Receipts.

1. Rupees 500 from Dr. A. Suhrawardy,
2. „ 250 from Manoranjan Banerjee, Secretary, Dacca Congress Committee,
3. „ 400 borrowed from Popular Bank, and
4. „ 50 brought from home.

Expenditure.

1. Rupees 75 remitted to Fazlu's mother by T. M. O.,
2. „ 400 remitted to Abdul Hakim Bikrampuri by T. M. O.,
3. „ 500 remitted to Omar by T. M. O.,
4. „ 125 paid to Omar,
5. „ 50 paid to Azizul Huq,
6. „ 20 remitted to Sultan Ahmed,
7. „ 50 remitted to Mazzam Hossain,
8. „ 60 remitted to Rakibuddin, and
9. „ 110 got by Kazi Safiullah from Omar.

The return does not show any of the above items except an amalgamated sum of Rs. 825, remitted to Abdul Hakim and Omar.

In his written statement the Respondent No. 1 denies the receipt of Rs. 500 from Dr. A. Suhrawardy as contribution for his election expenses. When confronted with various telegrams and telegraphic money-order remitting the money he was forced to admit that he received that money and gave a pro-note for it. He, however, said that that money was not spent for his election expenses, but was applied to pay off the debts which he had contracted from Nasiruddin on 26th October 1926. The telegrams which passed between the Respondent No. 1 and Dr. A. Suhrawardy leave no room for doubt that that money was for election expenses for which he was then being very hard pressed. The debt from Nasiruddin appears to us to be a myth, for on the day the loan is said to have been contracted Respondent No. 1 was in Calcutta as proved by Exhibit 3 (*b*), a letter written by Gaisuddin to Abdul Hakim Bikrampuri. Furthermore, on that date the Respondent No. 1 could have no necessity to incur such a heavy debt, he having in his hand on that day not less than Rs. 500 and odd. Then the simple fact of there being nothing in writing regarding this debt makes its existence extremely doubtful.

The evidence of Babu Manoranjan Banerjee makes it very clear that the Respondent No. 1 was given Rs. 250 from the Swaraj fund on account of his nomination money. This sum finds no place in his return.

The loan of Rs. 400 from Popular Bank was clearly for election purposes, notwithstanding the oath of Respondent No. 1 and his father to the contrary. The money spent and remitted by telegraphic money-order about the time of this loan makes it manifest. The nature of urgent demands by telegrams for money at that time strengthens that view, regard being had to the fact that Respondent No. 1's father has not produced his account papers, which he admittedly has.

From Exhibits 4 (*b*) and 4 (*c*) it is clear that the Respondent No. 1 went home for money and brought at least Rs. 50 on 16th November 1926, and sent the same by money-order on 17th November 1926 to Fazlu's mother. This amount also does not find place in the return.

With regard to the expenditure all the items mentioned above except two were remitted either by telegraphic money-order or money-order, but they do not find any place in the return except Rs. 825 sent to Abdul Hakim and Omar. The money actually sent to them amounts to Rs. 950 The expenditure column does not show an expenditure by them of more than Rs. 825. Now what became of the balance? The explanation is that some amount was spent for postage and telegrams and the rest, Rs. 60 or Rs. 70, was returned. There is, however, no account of postage and telegrams, and Abdul Hakim says that he kept no such accounts. With regard to the other items, except Rs. 20 sent to Sultan Ahmed, the Respondent No. 1 says that they were also returned. Besides the word of mouth of Respondent No. 1 and the testimony of Majam Hossain's son as regards Rs. 50 sent to Majam Hossain there is nothing to corroborate the alleged refunds. Respondent No. 1 constituted himself his election agent. He produces no account books to support his return or his oath. He says that he had some loose account papers, stitched together in the corner, from which he prepared his return of expenses at the house of pleader Mamtazuddin and left them there. He cannot say what became of them. According to the Electoral Rules the election agent has to keep separate and regular books of account and write therein all the particulars of receipts and expenditure, which are eventually to be shown in the return of expenses. The Respondent No. 1 does not appear to have kept any daily account. It is therefore impossible to rely upon the return and say that it is correct, as it is not borne out by the account books which he was under the law bound to keep. This flagrant disregard of the election rules makes his account hopelessly unreliable. The vouchers filed fare no better. Some of them seem to have been written at one and the same time. Two of them, namely, Nos. 1 and 7, clearly show that they have been antedated. In view of the facts discussed above we hold the return false in many material particulars This finding does not by itself void the election, but serves to disqualify the Respondent No. 1 and may eventually lead to his seat being declared vacant under rule 22 (*4*).

Lastly, we have to consider whether the petitioner is entitled to the seat. Under rule 34 it is necessary to make all the nominated candidates parties to the petition when the petitioner claims the seat. It is an admitted fact that Khawja Soleman Kader was one of the candidates who were nominated at the election. As he has not been made a party to the petition, the petitioner's prayer cannot be acceded to. Besides, upon the evidence it cannot be said how many votes the petitioner lost in consequence of the

corrupt practices on the part of the Respondent No. 1, and we are not prepared to hold that but for the existence of the corrupt practices the petitioner would have been returned. There were three candidates at the election, and if Respondent No. 1 were not in the field it cannot be said with any degree of certainty that the petitioner would have succeeded. The Respondent No. 1 got 1,753 votes. These votes cannot be said to have been thrown away. In our opinion the voters should be given an opportunity of making a fresh choice. We therefore hold that the petitioner is not entitled to the seat.

In the result we recommend that the election of Maulvi Abdul Latif Biswas, the Respondent No. 1, be declared void and that a fresh election be ordered.

As regards costs the Respondent No. 1 may be directed to pay Rs. 1,000 to the petitioner.

Howrah.

No. 2053M.—The 22nd July 1927.—The following proposed plan for lighting a portion of the Bally Municipality in the district of Howrah, which has been submitted by the Commissioners of that municipality to the Government of Bengal for sanction under section 308, read with section 349 of the Bengal Municipal Act 1884 (Bengal Act III of 1884), is published for the information of persons likely to be affected thereby.

2. The proposed plan will be taken into consideration on the 15th October 1927, and any objection or suggestion which may be received by the undersigned through the District Magistrate before that date will be duly considered :—

Plan.

1. The portion of the Bally Municipality which it is proposed to light with electricity is defined below :—

North—Bally khal.

East—River Hooghly.

South—A line as indicated by boundary marks, commencing from the river Hooghly at the eastern extremity of the road (now closed), formerly known as Joya Bibi Lane, but now included within the Central Jute Mill ; thence along the line formerly occupied by that road to the existing Joya Bibi Lane ; thence along the western and northern side of Joya Bibi Lane up to its junction with the bustee road at the south of the Victoria Cotton Mill ; thence along the northern side of that road to its junction with Girish Ghosh Lane ; thence across Girish Ghosh Lane to Chandalpara Lane up to its junction with Grand Trunk Road ; thence along the western side of the Grand Trunk Road up to its junction with Kali Mozumdar Road ; thence along the northern side of Kali Mozumdar Road up to its junction with Dharmatala Lane ; thence along the eastern and northern sides of Dharmatala Lane to a point where it meets the East Indian Railway line at the centre of the up-passenger main line.

West—East Indian Railway line.

2. Two hundred and sixty electric lamps will be installed as shown in the accompanying statement. The Commissioners have decided to enter into an agreement with the Calcutta Electric Supply Corporation, Limited, for the installation of these lamps and for their maintenance at the annual rates Rs. 30-6-10 and Rs. 19-14-1 for each lamp of 60 and 30 watts, respectively, or at a total cost of Rs. 8,552 per annum.

3. The Commissioners at a meeting proposed to meet the charge to be incurred on account of lighting the aforesaid area by imposing an annual lighting rate of 2 per cent. on the annual value of the holdings situated within the area to be lighted as defined in paragraph 1 and within 100 yards on either side of the roads or lanes shown in the following statement and 100 yards beyond the last pole for street lighting on such roads or lanes. The income to be derived from the lighting tax from the aforesaid area is estimated to be Rs. 8,000. The present difference of Rs. 552 will be met from the general fund until the amount is covered by increased receipts under the head "Lighting tax" owing to the increased valuation of holdings.
